

WRECK FORTS OR WE WILL, CHINA WOLD BY POWERS

Ultimatum Gives 48 Hrs.
to End Blockade.

BY CHARLES DAILEY.

(Chicago Tribune Press Service.)

TIENTSIN, March 15.—At a naval conference at Tientsin tonight, following a meeting of the Peking protocol powers, it was decided to give the Chinese a forty-eight hour ultimatum to remove the Taku forts and remove the mines from the Pei-ho river. If China does not comply the five powers will destroy the forts with their joint fleet. This decision is due to China's failure to reply either to the powers' note or the Japanese note. The mines were placed in the river by the Kaominchun national army, which is defending the channel against the Shantung forces allied to Marshal Chang Tso-lin, the Manchurian dictator.

Only the American destroyer Asheville and the British destroyer Foxglove remain to protect Tientsin. All the others are concentrating at Taku. It is believed here that the Chinese leaders are trying to provoke an attack on the forts in an effort to arouse the people against the existing treaty.

JAP NOTE "FRIENDLY"

BY ROBERT MATHESON.

(Chicago Tribune Press Service.)

TOKIO, March 15.—While the minister of the navy is demanding that China apologize to Japan and pay an indemnity for those wounded when the Chinese fired on the Japanese destroyers at Taku Friday, the cabinet's formal note to China is "very friendly," the foreign office says.

In response to inquiries to Mukden regarding allegations by the Peking government that Manchurian warships are using the Japanese flag as camouflage, which is given as the excuse for Friday's shooting, Marshal Chang Tso-lin, the Manchurian warlord, has issued a denial, explaining, however, that Manchuria fears that munitions are arriving at Tientsin from Vladivostok, and that to prevent this he plans to blockade Taku. Marshal Chang agrees, however, not to do anything in violation of the Boxer protocol.

The foreign office categorically declines to use the Japanese naval radio to communicate with the anti-national Chinese generals in Shantung.

Japs Ready for Fight.

Japan is prepared fully to cooperate with the protocol powers in joint naval action to maintain the freedom of the approaches to Tientsin. The cruiser Tone, the Japanese flagship of the China station, will arrive at Tientsin from Shanghai tonight, with Rear Admiral Nagano aboard. The Japanese ships, previously ordered to avoid a clash with the Chinese, retiring in the event of an attack, now are ordered to use their best judgment in the event of an emergency.

Many authorities suspect that the Soviets are endeavoring to precipitate a Japanese-Chinese clash and are bribing individual Chinese commanders in the field to commit anti-Japanese outrages, of which there have been a score in the last sixty days.

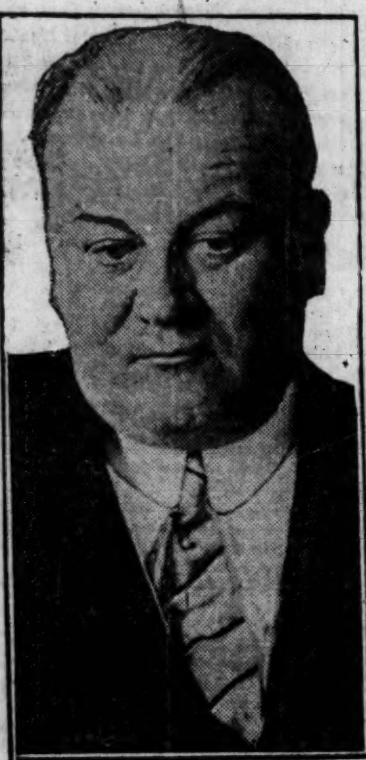

U. S. Destroyers to China.

MANILA, March 15.—(AP)—The United States navy destroyers Simpson, McCormick, Bulmer, and Edsel departed for Swatow, Kwangtung province, China. They will be followed tomorrow by the destroyers MacLeish and Parrott. Upon their arrival the China destroyers division 45 will return to Manila for target practice and repairs.

Drys Win First Blood in New York Assembly

ALBANY, N. Y., March 15.—(AP)—The drys in the state legislature tonight won the first battle on the prohibition question during the session. The assembly, by a vote of 51 to 74, refused to direct the judiciary committee to report a bill calling for a referendum on the question of memorializing congress for a light wines and beer amendment to the Volstead act.

LEITERS GATHER FOR \$50,000,000 WILL FIGHT

ed by Lady Suffolk, appointed Warr, "over whom he had complete control."

That nomination started things. Lord Curzon kept them going. Joseph Leiter answered back and there was a spirited interchange. Upon Lord Curzon's death there was a temporary downpour of the contest, but it started upward again, and today the right fight starts.

Lady Moseley's deposition contains two letters written by the late John P. Wilson, former counsel for Lady Suffolk, and Lady Cynthia's cablegram in answer.

Cablegram in Evidence.

The cable, dated Nov. 21, 1921, reads: "Give written consent to Lady Suffolk's action without being parties. If urgent, however, instruct counsel or take any action on our behalf necessary to secure independent trustee. Will estate pay costs?"

In her testimony two weeks ago, while she was here in Chicago with her husband, studying industry from the socialists' standpoint, Lady Cynthia explained that she and her sisters wanted to aid their aunt, but preferred, if possible, not to be parties to the legal suit.

Excerpts from Attorney Wilson's letter to Lady Suffolk, as introduced in the deposition, are as follows: "Your brother is determined to have a new trustee that will be a dummy and obey orders, which will place the entire trust estate under his absolute control. This stake is a very large one, not only in power, but in dollars and cents to him."

"Your sister is absolutely the mere echo of your brother. He is neither wise nor disinterested in the Zeigler matter. He is, in my opinion, clearly unfaithful to the trust, to the serious prejudice of the other beneficiaries, and he proposes to continue his conduct."

"If he should become firmly seated in the saddle without any one successfully to question his authority, there is no measuring the injustice to be done to the other beneficiaries."

DESERTS AGAINST HIS WILL: DIVORCED. Even though a despoiled husband deserts his wife against his will, she has cause to divorce him. Superior Judge Harry A. Lewis ruled yesterday. He granted a decree to Mrs. Hannah Preis, 1841 Lincoln avenue, from Engelbert Preis, German communist, who was deported in 1922.

BLIND VET'S WIFE AND BOSS FINED; HE ASKS \$100,000

(Pictures on back page.)

Mrs. Ruth Petrie Morp, wife of a blinded war veteran, and her employer, Paul B. Ransom, roofing contractor of Park Ridge, were fined \$5 each last night by Judge J. P. Harris. Ernest Morp, the husband, alleged that he at 3454 Janssen avenue Sunday night, at 3540 Janssen street Sunday night.

Ransom was named defendant in a \$100,000 suit for alienation of the wife's affections, filed yesterday by Morp. The couple were married shortly after his return from France in 1917. Morp, who says his wife worked to support him for several years after he became blind, has also filed a bill for divorce, accusing Ransom.

COL. COOLIDGE RESTS EASY, LATE BULLETIN SAYS

Plymouth, Vt., March 15.—(AP)—The condition of Col. John C. Coolidge remained unchanged tonight, a bulletin issued shortly after eight o'clock said. The President's father, who rallied today after several days of failing strength, was said to be resting comfortably.

Coincidentally with the better news from the sick room it became known that Maj. J. F. Coupal, personal physician to the President, might be summoned here for consultation.

Nine Children with Dad Accused as Moonshiners

(Picture on back page.)

Nick Skandis of 1468 West 19th street was accompanied by his wife and nine children when he went to the federal building yesterday to appear before United States Commissioner Henry C. Seiber on a charge of bootlegging. Mrs. Skandis and the youngsters wept when the commissioner held Skandis to the grand jury in bonds of \$1,000. With Nicholas Mikas and John Cornille, he was arrested at 2718 Calumet avenue while in possession of three barrels of wine.

KENTUCKY FACES SUPREME TEST OF ANTI-LYNCH LAW

White Man Is Accused of
Assaulting Negress.

Lexington, Ky., March 15.—(Special.)—Lexington soon will be the scene of the third and supreme test of the state law enacted for the purpose of preventing lynching, often the sequence in the south in cases involving crimes against women. A white man is to face trial and possible execution for the alleged rape of a Negro girl.

Lexington was the scene of the first which led up to this new experiment in Dixie: the effort to supplant the law of Judge Lynch and his mobs with the law of the state.

How Law Originated.

Several years ago Will Lockett, Negro, was charged with an attack on a young white girl. He was arrested and lodged in Fayette county jail. A mob tried to take him; but state troops had been called to guard the jail. In the fight which followed a number of the members of the mob were killed.

The state legislature then enacted a law making death by hanging the only penalty possible on conviction of rape; state authorities called on county officials to speed the trials and promised that the full force of the state's troops would be used to guarantee safety of the accused until the hearing in court. Death in the electric chair is provided as the penalty for murder.

The first case under the new law was called in Lexington and Ray, Negro, was hanged for rape committed upon a child of his own race, the first hanging here for a crime involving a Negro.

Lynching Banned in Harris Case. The second case was that of Ed Harris, Negro, accused of attacking a white girl. Harris, arrested, was taken to the state prison at Frankfort. When his trial was started hundreds of state troops guarded the courthouse. He was brought to Lexington, surrounded by armored tanks. The governor said every National Guardsman in the state would be used, if necessary, to prevent mob violence.

With machine guns about the courthouse and with infantry and cavalry patrolling the streets, Harris pleaded guilty, was sentenced, and returned to a few days later state troops brought him back to Lexington and he was hanged in the jail yard. The new law had stood the test and Kentucky had escaped mob violence.

Coat of Another Color.

But five days before Harris was hanged Charles Merchant, 23, member of a well known and prosperous white family, was accused of attacking two Negro girls, sisters.

He was indicted by the Fayette county grand jury on a charge of rape and detaining a female. He is in jail and his trial is scheduled for April 15. This was the first case on record in Kentucky in which a white man is accused of rape of a Negro. It also is

Citizens Stand Two Hours and Watch Robbers Take Savings

Hartselle, Ala., March 15.—(AP)—Between \$15,000 and \$20,000 of its money gone, Hartselle tonight was talking about its spectacular bank robbery of early today.

Dr. John B. Johnson, a dentist, was nursing a bullet wound in his thigh because he thought the blasting at the vaults of the bank of Hartselle was a fire alarm.

Several other citizens and a Birmingham man who was waiting for a train were recounting the robbers rounded them up, together with the town policeman and cashier of another bank, and held them prisoners in a rear room while the vaults were being wrecked.

Mail Pouches Gone, Too.

Others of the 2,000 inhabitants, who were routed from their beds by the explosions, told of seeing at a safe distance, members of the band patrol the street in front of the building with sawed off shotguns while their comrades plugged away at the vault for two hours before breaking it open.

Tonight it was said one or two mail pouches were missing from the Louisville and Nashville station. The robbers were given credit for getting these, too.

Beginning at midnight, two men began a roundup of the few stragglers who were on the street.

Carrying an oil can, they approached Ernest Mitchee, vice president and cashier of the Farmers and Merchants' bank and asked him where they could get some gasoline. He told the men the night policeman, Leslie Williams, might help them.

Dentist Yells Fire; Shot.

The policeman was found and the two covered him with guns and tied

considered the final test of the new law.

The complainants against Merchant are Eva Lee Jones and her sister, Sarah Martha Jones. One indictment charges that Merchant committed "the crime of rape upon the body of a female infant under 12 years of age."

The indictment has the name of the girl as Eva Lee Jones. The other indictment charges him with "unlawfully detaining a female against her will." Her name is given as Sarah Martha Jones. Eva Lee is said to be 11 years old. The age of her sister is given as 17.

Negroes Urge Law Be Followed.

Negroes urge that the case be prosecuted to the limit. Various organizations of Negroes have passed resolutions and several have subscribed money to go toward prosecuting the accused man.

The Negroes' attitude is that there should not be one law for white persons and another for Negroes, but apparently they are agreed that the law will be carried out in fairness to all.

The girls claim they were on a principal street when Merchant thrust a revolver against the elder and threatened to shoot if the girls did not accompany him. Their story says he forced them to go to a secluded place where he tore the clothing off both and assaulted the smaller one.

Prices called on Swift & Company sales of carcasses beef in Chicago, for week ending Saturday, March 13, on shipments add out, were as follows: Cows, common to good, 8.00 cents to 13.50 cents; Steers, common to medium, 12.00 cents to 15.50 cents; Steers, good to choice, 16.00 cents to 20.00 cents; retail sales averaged 13.37 cents per pound.

NEW YORK GIFT CANAL CALLED A WHITE ELEPHANT

Midwest Fights for O. K. of St. Lawrence Route.

New York state offers her great barge canal to the nation in a spirit of generosity and patriotism, does she? Gentlemen, the truth is New York state wishes from her soul that she never had seen that canal.

C. J. McLEOD, M. C. (To the army board of rivers and harbors engineers yesterday afternoon.)

BY JAMES O'DONNELL BENNETT (Chicago Tribune Press Service.)

Washington, D. C., March 15.—[Special.]—Never did a gift horse get such a looking over as Senator Lenroot (Rep., Wis.), and former Gov. W. L. Harding of Iowa gave the barge canal which New York state wants to present to this nation as a "public spirited and patriotic gift."

Tubes, lights, locks, and liver they went over the canal and they led it up and down before the army board of rivers and harbors engineers that afternoon, and when they finished it was a kind of spavined looking present, seeming dead at any price. They said it would not do as a canal, locks, bridges, retardations, and cost of maintenance, and

BORAH URGES ACTION ON U. S. WAR CLAIMS AGAINST HER ALLIES

Washington, D. C., March 15.—[Special.]—Chairman Borah of the senate foreign relations committee undertook today to prod the state department on the settlement of the claims of American citizens against Great Britain and France arising out of violations of the rights of neutrals during the opening of the world war until the United States became a belligerent.

He introduced a resolution calling on Secretary Kellogg to advise the senate, if it is not incompatible with the public interest, what steps he is taking to negotiate a claims convention with London and Paris.

The resolution was referred to the foreign relations committee.

that under the best conditions it could never bring the middle western farmer's wheat as near the great price fixing market at Liverpool as the Argentine farmer now is—that is, when you measure distance by the cost of getting there.

Called "White Elephant."

Suddenly changing the figure, former Gov. Harding called the barge canal, which New York wants the nation to make the basis of a great ship canal to the sea, "a white elephant."

"A white elephant," said he, "that is eating its head off at the rate of ten million dollars a year."

The hearing which the federal engineers granted respective advocates of the St. Lawrence route to the sea and the New York barge canal route was tense and bitter. Senators Deneen (Rep., Ill.), Cousins (Rep., Mich.), Willis (Rep., O.), La Follette (Rep., Wis.), were there, and a dozen repre-

sentatives in congress from middle west and northwest states, and men from commerce boards in Detroit and elsewhere. Only Chicago seemed not as up and dusting as she might have been.

Discussion Gets Personal.

Discussion was so acrimonious and so personal that at the close of the hearing Gen. Jadin, presiding, said that the customs of the board were such that the record could legally be purged of any opprobrious remarks that the speakers might, upon reflection, wish to withdraw.

Thereupon Gov. Harding said: "I am a plain, blunt man from the middle west, where we poke one another in the ribs and slap one another on the back, and if I've offended anybody I'm sorry for it. But I have nothing to withdraw. You see, we of the middle west and northwest are in earnest about this St. Lawrence waterway, because it's a matter of life and of a living to us to be able to get our grain to Europe at freight charges which will enable us to compete with the Argentine farmer, and we can't do it without a practicable waterway to the sea. And in this matter of life and of a living I represent 21 landlocked states of the Union—not the town of Lockport, N. Y."

Can't Fluster Harding.

That was a dig at Representative Stephen Dempsey (Rep., N. Y.), who hails from Lockport, and is chairman of the powerful rivers and harbors committee of the house. He frequently baited and badgered Harding, but he did not fluster him.

"Retardations" was the key word of the Iowa's denunciation of the so-called "all American" route, which New York state wants the nation to build through that state.

"Retardations all the way," said the governor. "Take the 160 mile section they want the country to build from Oswego at the corner of Lake Ontario down to the Hudson. Thirty locks there! Eighty bridges! A hundred and ten retardations in 160 miles! A retardation for every mile and a half."

Compared with St. Lawrence.

"Contrast that with the St. Lawrence route. Only seven locks and no bridges and only 33 miles of restricted navigation! And from Oswego, N. Y., to Liverpool, 4,045 miles by the all-American route, but via the St. Lawrence route 3,434 miles, with a min-

imum of retardations. To Copenhagen via all-American route, 4,766 miles; via St. Lawrence, 4,120; to southern Europe, via all-American, 4,052 miles; via St. Lawrence, 3,498. And so it goes!"

The governor played fair. He acknowledged that to the West Indies via all-American would be only 1,446 miles, as against the St. Lawrence route's 2,746, which means 1,300 miles in favor of all-American route. "But remember," he said, "the 110 retardations of the Oswego section. In time they figure out at five days. And five days is 1,250 miles' sailing in open water, which is what most of the St. Lawrence route is."

"Up Hill, Down Dale."

"Up hill and down dale it goes, this all-American route," which is not such, in point of fact, if you happen to recall that the Detroit river is international water—up hill and down dale it goes; 500 feet of lift in the all-American as against 235 feet in the St. Lawrence route!

"And the capacity of all-American? If ever it is built, it is estimated at 15 million tons. And we of the middle west have 18 million tons of grain to send to Europe."

Lenroot Takes Floor.

Senator Lenroot jumped in saying: "The secretary of the navy informs me that in the letter he wrote Mr. Dempsey favoring the all-American route as a military resource in war-time he meant to convey only his opinion that this route would be of military value just as any other waterway would be. But he does not consider this route a military necessity, for he knows that taking it in conjunction with the whole great lakes system from Chicago to the sea it cannot be 'all-American.' And had the secretary known the maintenance cost of this route he never would have written the letter."

Senator Lenroot gave an estimate of the cost of the all-American route as being six times the cost of the St. Lawrence route.

The hearing will be resumed tomorrow.

DETO CLERK IS ROBBED.

John Harding, a clerk in the drug store of Henry Dates at 5500 South State street, was held up tonight by two colored men, who took \$50 from the cash register.

FORBES LOSES LAST APPEAL IN VET FRAUD CASE

Faces Prison Term and \$10,000 Fine.

Washington, D. C., March 15.—[Special.]—Charles R. Forbes, former director of the veterans' bureau, and John W. Thompson, a St. Louis building contractor, convicted in Chicago of conspiracy to defraud the government in connection with the building of veterans' hospitals, were denied a rehearing by the United States Supreme court today.

As a result Forbes and Thompson each serve two years in the Leavenworth penitentiary and pay fines of \$10,000, the sentences imposed in the Chicago federal district court.

Challenged Jurisdiction.

Appeals from the sentences were made by Forbes and Thompson on the contention that the Chicago federal court was without jurisdiction to try a case involving an alleged conspiracy that was not entered into in that district.

Forbes and Thompson also asserted in their appeals that papers and books on which much of the case was based

CHARLES R. FORBES.

PEDESTRIAN DIES OF AUTO INJURIES; 2 HURT; TOLL 148

John Curran, 39 years old, 8915 Brandon avenue, died yesterday at South Chicago hospital of injuries received Sunday night when he was struck by an automobile at 90th street and Mackinaw avenue. The driver of the automobile was Harry W. Sisson, Hammond, Ind., hotel keeper. Curran's death raised the 1925 motor death toll to 148.

Donald Larson, 6 years old, 4457 South Talman avenue, while crossing Van Buren street at South State street with his mother, was struck by a taxicab and probably fatally injured. Andrew Burski, 35 years old, 4212 West 26th street, the chauffeur, was booked for assault with an automobile.

Miss Helen Klock, 21 years old, Northwestern university student, was hurt internally when struck at Sheridan road and Chicago avenue, Evanston, by an automobile driven by John McCurdy, 19 years old, 6417 North Irving avenue, also a student. McCurdy took the girl to the Evanston hospital, then surrendered. He was charged with assault with a deadly weapon.

Woman Wins \$20,000 in Suit Charging Assault

Mrs. Winifred A. Lively, 39 years old, 1008 Loyola avenue, was given \$20,000 by a jury in Judge Charles A. Williams' court yesterday in her suit against Hajoh Khylan, shop owner at 5507 Broadway. Questioned by her attorney, James C. O'Brien, Mrs. Lively told how, in July, 1924, she entered Khylan's store, was immediately seized by the owner, dragged to the rear of the shop, and assaulted. The defendant did not contest the suit.

Chicago's new system of traffic law violators, who started tomorrow morning opening of a traffic court building, 118 North street, was explained in detail yesterday at a first time meeting of a committee of the Chicago Police Department.

Chief Justice Olson of the court, Corporation Counsel Stevens, chairman of the committee, explained the new plan. The idea would be to deal with cases.

Here's How It Works: If you are a motorist who has violated a traffic law, here is the way you would follow: You have failed to stop at a red light. You are a policeman who produces a ticket. He notes the time and date, the street, your name and the nature of the violation. He writes your name and hands you the ticket.

Under the policeman's new plan, 1. the undersigned hereby waives the filing of a complaint, and agrees to waive a jury trial, admit the above described, and agree to pay the fine and costs on the reverse of this waiver.

If you sign this waiver, you are then given a ticket, as was the former plan.

Fines in Plain English: On the back of this all list of penalties for the various offenses. Thus a motorist who violates what fine he must pay, his knowledge, advocates declared, which will do away with the "fine" system. Since the fines will be for first offenses, a fine will cost less than a trial. Again, it was pointed out, it was a waste of time to fix such a trial. The motorist may pay the fine and the amount of the traffic court or he may get a trial. If you get a trial, you are then given a ticket, as was the former plan.

WINE YOURSELF TRAFFIC CONTROL HERE TOMORROW

(Picture on back page.)

Chicago's new system of punishing traffic violators, which will be in effect tomorrow morning with the opening of a traffic court in the O'Connell building, 118 North La Salle street, was explained in detail for the first time yesterday at a meeting of the committee of the Association of Commerce.

Chief Justice Olson of the Municipal Court, Corporation Counsel Busch, Chief of Police Collins, and Elmer T. Bennett, chairman of the committee, explained the new plan. They predicted it would do away with the fixing of fines.

Here's How It Works.
If you are a motorist violating some traffic law, here is the procedure you would follow:

You have failed to stop at a boulevard. You are hailed by a policeman who produces a slip book. He notes the time and the place of the arrest, your name and address, and the nature of the violation. He signs his own name and hands the slip to you.

Under the policeman's signature appears this notice on the slip: "Waiver and plea. I, the undersigned defendant, hereby waive the filing of a complaint, the issuance of process, also waive a jury trial, admit the violation above described, and agree to pay the amount for such violation as shown on the reverse of this notice."

If you sign this waiver you are allowed to depart. If you refuse to sign you are then given a summons to court, as was the former custom.

Fines in Plain Figures.
On the back of this slip appears a list of penalties for the various offenses. Thus a motorist knows immediately what fine he must pay. It is this knowledge, advocates of the plan declared, which will do away with any fixing. Since the fines vary from \$1 to \$10 for first offenses, paying the fine will cost less than the fixing, it is said. Again, it was pointed out, motorists will be ashamed to ask policemen to fix such a trivial matter.

The motorist may present the slip and the amount of the fine at the traffic court or he may send a messenger with the money. There will be no delay. Thus no driver charged with a small offense will be required to waste valuable hours waiting in a courtroom for his case to be called.

WHY do you eat at the Ontra?"

"I like the Ontra because it's efficient—that's just the word. Everything moves along smoothly and without confusion. I'm always in a hurry at noon and at the Ontra it seems that every detail of the service—even the convenient order in which things are arranged on the counters—helps you along to your table without any loss of time."

—From actual interview with executive of American Express Co.

Miss Dutton has spent seventeen years in perfecting her cafeteria system. You'll marvel at its smooth operation.

ITALY BALKS AT BARGAIN TO GIVE GERMANY COLONY

Claims Italian Needs Must Be Met First.

BY JOHN CLAYTON.
(Chicago Tribune Press Service.)

ROME, March 15.—Italy will never permit Premier Briand of France to carry out his supposed promise to urge the league of nations to give a colonial mandate to Germany until Italy's need for colonies are satisfied. This was the consensus of official and semi-official comment in the foreign office and newspapers today.

The matter is put clearly in an editorial in the semi-official Tribuna, which obviously was inspired by Premier Mussolini's office. The editorial says in part: "In order immediately to destroy this new and unacceptable understanding and thereby make clear the attitude of each and every state, we say once more, 'No! First comes Italy.'"

"In order to prevent any one from thinking that a badly needed compromise of the league quarrel can be purchased at such a price, we state flatly that such a solution cannot be counted on, unless satisfaction is first given in proper proportion with the political and democratic rights of Italy."

"Italy has made no promises to Germany, and Italy will never permit the league to be temporarily reunited at her expense. To allow Germany to be given as compensation for a compromise that which belongs before all to Italy would mean that Italy pays the costs of the transaction."

"It is true that such things were done at Versailles and elsewhere in 1918 and 1919, but today it cannot be done. Something new [Fascism] has appeared in Europe beside the spirit of Locarno."

Denounce Mussolini Here as Matteotti Trial Begins

(Picture on back page.)
"Down with the assassins of Matteotti! Down with the bandit, Benito Mussolini!"

Circulars bearing this inscription printed in Italian are being distributed among Chicago Italians as an aftermath of the indignation meeting they held on Sunday in their hall at Racine avenue and Taylor street to protest against classification of their whole race with the Sicilian criminal element.

"While you are preparing for a protest vindicating the good name of the Italians dishonored by the few criminals," the circular says, "another crime is about to be committed in Italy. In a few days will start the trial of the murderers of Matteotti."

"The assassins will surely be acquitted, because Mussolini, himself the framer of such a barbarous act, will control the judges. He cannot condemn himself. Such a monstrous judicial force will dishonor Italy before the civilized world."

"Italians! Rise up to the two protests and you will achieve a good cry to our name. A unanimous cry should burst from our chests: 'Down with the assassins of Matteotti.'"

SEES FOES' DOOM

BY JOHN CLAYTON.
(Chicago Tribune Press Service.)

ROME, March 15.—Roberto Farinacci, secretary general of the Fascist party, sees in the Matteotti murder trial the last rites for the opposition to Premier Mussolini. En route to Chiati, the little Abruzzi town where the trial of the five men accused of the murder of the wealthy socialist deputy, Giacomo Matteotti, will open tomorrow, he said: "I go to represent the people against the opposition. It was said that the Matteotti process would bury the regime. Good! It will bury the opposition."

Sig. Farinacci is attorney for the de-

fense. The most important member of the five accused men is Amerigo Dumin, formerly of St. Louis, Mo.

No Murder Intended, Claim.
The defense will contend that no murder was intended and that there was grave provocation on the part of Sig. Matteotti. It will demand that the court bar the charges in Italian law making a crime against a public official more serious than an ordinary criminal act.

The defense attorneys, the finest legal minds within the Fascist party, have divided their work so that Sig. Farinacci will occupy himself chiefly with the opposition's campaign against the government.

Following the withdrawal of the attorneys for Matteotti's widow, the prosecution rests entirely with the state. The prisoners will be permitted in the courtroom without handcuffs and will be given other unusual liberties.

Aim at Enemies in U. S.

Action was begun by a special Fascist committee here today to deprive Carlo Tresca, Italian radical leader, now living in New York, where he is editor of Il Martello, of his Italian citizenship. Showing of a play by Tresca, satirizing the Mussolini regime, was forbidden by New York police last December. The Italian government has notified Vincenzo Vaeleca, an editor of Il Nuovo Mondo of New York, that it has taken steps to confiscate his property in Italy because of his criticism of the Mussolini regime.

Tells His Family to Pray; Kills Them with Hammer

Chihuahua City, Mexico, March 15.—(AP)—After ordering his wife and six sons to pray for their souls, Elfen Lowerec crushed their skulls with a hammer, decapitated the children, and then committed suicide by shooting himself here today.

Fine Tools

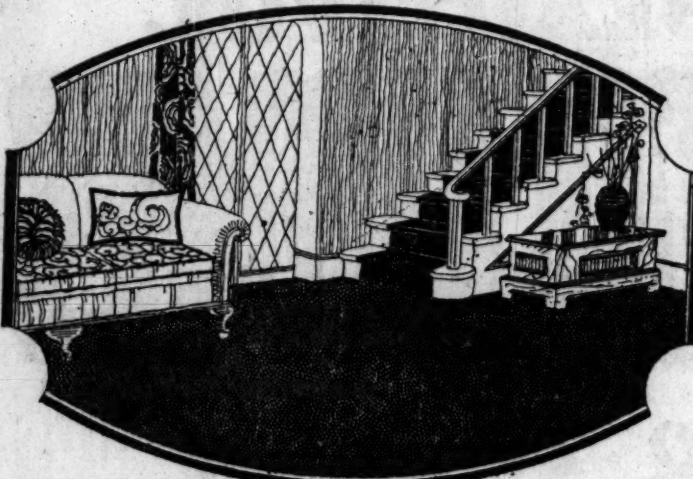

If the user of fine tools could himself visit the principal factories of the world, and after extensive tests, buy each tool from the particular manufacturer that made it best, he could do no better than the man who simply buys his tools at Stebbins'.

This is a fact known to thousands of members of the building and other trades in and about Chicago.

FIVE EUROPEAN NATIONS PLAN TO FIX 8 HOUR DAY

Meet in London to Act on Washington Terms.

BY JOHN STEELE.

(Chicago Tribune Press Service.)

LONDON, March 15.—As a result of the international drive for the enforcement of a uniform eight hour working day in Europe, as formulated at the Washington conference in 1919, officials of five nations are meeting in London today at the invitation of Great Britain.

The object of the conference, at which representatives of Britain, France, Italy, Germany, and Belgium, as well as the international labor office of the league of nations, are present, is to secure uniform standard working hours in the five principal industrial countries of Europe. It is also aimed to prevent commercial competition from any country by forcing upon the workers longer hours and less pay in order to gain an advantage over a rival nation.

Hope for O. K. by Europe.

The terms of the Washington conference, which was held under the auspices of the league of nations, have not yet been ratified by the Europeans, but it is hoped there will be found a speedy basis of adoption that will satisfy all concerned. It was pointed out in the conference this morning that working conditions vary in the different countries, so that this will render difficult the standard enforcement of a forty-eight hour week.

See Many Difficulties.

Herr Brauns, labor minister of Germany, and Antoine Durrfour, labor minister of France, in long speeches outlined plans for regulating the eight hour day, chiefly in the mining and steel industries. Both pointed out many difficulties, asserting that they felt that all trade rivals will do the same. They said there is no question of any country getting prospering at the expense of another and deplored the talk of danger through unfettered competition in international trade.

Italians Begin New Ship Service to Western World

GENOA, Italy, March 15.—(AP)—The steamer Duchessa d'Aosta of the Navigazione Libera Triestina sailed today, inaugurating a new freight and passenger service to Havana, Colon, Los Angeles, San Francisco, and Vancouver.

Foot Comfort with style

Many people with foot troubles will tell you that it is impossible to find foot comfort combined with neat, stylish footwear. That's because few shoe men know feet and how to relieve the conditions that produce foot misery.

We are equipped with every modern facility with which to make feet comfortable. After we relieve your foot aches and pains it is then an easy matter to fit you with a shoe that is both comfortable and pleasing.

Free Demonstration

You cannot fully appreciate our work until you call and have a personal demonstration. Then you will know positively. You are cordially invited. It places you under no obligations to buy.

FORMOPED Scientific Comfort Shoes

For Men and Women

No. 243 \$12.50

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a week and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.

Dr. Edwards' OLIVE TABLETS FOR CONSTIPATION

Wisconsin Says Pauper Story Is Old Stuff; All Is Changed

Madison, Wis., March 15.—(Special.)—So-called "shocking conditions" prevailing under the indenture system at the state public school at Sparta, Wis., as described by the department of labor at Washington, in a report made public Sunday, refer to findings made in a survey from 1913 to 1917 and have no reference to present day conditions, John J. Hannan, president of the state board of control, declared today.

Mr. Hannan points out that the board of control found conditions during the time of the survey unsatisfactory and that Dr. L. H. Prince, the then superintendent, was removed. Called Federal Slam at Wisconsin.

"But the report itself is not only prejudicial and unfair but it carries the refutation of the wild statements in the news transmission of it," Mr. Hannan declared. "The study covering the years 1913 to 1917 was completed in 1923. The report was transmitted to congress May 1, 1925. The printed report has been in circulation for nearly three months and the release of it at this time indicates that this action is part of the federal administration's campaign to discredit every activity of the state of Wisconsin."

"The news accounts given out convey by insinuations the idea that the report is a statement of present day conditions. The investigation actually covered some of the administration of Dr. L. H. Prince. It does not cover present day conditions at all."

32 Per Cent Well Cared For.

"The Wisconsin law requires that such children as are placeable shall be put on indenture. The report covers

investigations of 540 homes. It makes many sweeping statements of bad conditions. A hasty analysis shows that of the 540 investigations made only 52 are summarized. The 540 homes visited covered the placement of 452 children. The report shows that 278 cases, or 62 per cent, were found to be in high grade or satisfactory homes. "Further, during the time these 452 children were out on indenture and under the jurisdiction of the state school, 256 of them, or approximately 57 per cent, remained in the homes in which they were first placed and 27 per cent were replaced in different homes. This would indicate that 84 per cent of the children out on indenture were either placed in satisfactory homes at the start or after one adjustment had been made."

Olds Recent Conditions.

"During the last two years eighty-nine children were transferred from the state school to the colonies for training of feeble minded. At the present time there are 429 children placed in homes. In these two years much has been accomplished to create an intelligent, sympathetic interest on the part of the public should take in the care of dependent children. The problem is studied. After placement each home is visited at least twice yearly, and sometimes oftener."

"Unjust," Says Lehman.

Sparta, Wis., March 15.—(Special.)—The justice of the department of labor report criticizing conditions under which homeless children are indentured in Wisconsin was vigorously denied tonight by C. D. Lehman, superintendent of the state public school for dependent children.

RUSSIA SLASHES FUNDS TO STATE INDUSTRY, TRADE

Orders Big Cut in Outlay for Advertising.

BY DONALD DAY.

(Chicago Tribune Press Service.)

RIGA, Latvia, March 15.—Communist Felix Dzerjinski, the Cheka chief and chairman of the soviet supreme council of economy who sent the delegates of the executive committee at the meeting of the Third International home with lean pocketbooks, has turned his attention to cutting down expenses for foreign business and for trade and manufacturing institutions. In a long decree published in the Moscow Pravda M. Dzerjinski orders strict economy during the present year.

M. Dzerjinski classified advertising as one of the most unproductive and wasteful expenses in Russia. There is no need for the soviet institutions patronizing their advertising after the style of advertising abroad, says the commissar, declaring a large portion of the 21,000,000 gold rubles (\$10,500,000) expended in advertising by soviet firms during 1925 was money thrown away.

There are two reasons why it is unnecessary to do much advertising in Russia, he explains: The many nationalized branches of

business are unable to produce enough goods in the interior for the needs of the country and their goods will be sold whether they advertise them or not; and under the communist regime there is not supposed to be any competition, and it should be, therefore, unnecessary to advertise in order to sell goods.

M. Dzerjinski publishes the following six rules for advertisers, announcing that offenders will be called to strict account for their disobedience:

1. All economical organs must radically reduce advertising expenses.

2. Advertising is only permissible in case of commercial necessity and in this case commissions must not be

paid to agents or advertising agencies and advertisements must be limited to brief announcements stating the kind, quality, and prices of the goods for sale.

3. Advertising in charitable publications is strictly prohibited.

4. Unprofitable advertising such as ads in newspapers of small circulation and the publication of lengthy reports is prohibited.

5. Revisional commissions, trusts, and syndicates must immediately reduce their advertising campaigns at present under way.

6. Branches of industry which are unable to fill the present demand, are forbidden to advertise.

ONE-PROFIT DIAMONDS

Diamond experts are especially invited to this store to judge the values that are being offered through our one-profit method of selling. There is no other institution in America that offers diamonds of equal value at such low prices.

Lebolt's Import and manufacture 95 per cent of the goods they sell.

Don't Pay Rent!

BUY ONE OF OUR BEAUTIFUL GREATER CHICAGO HOMES

Ready to Move Into NOW!

These homes are well constructed with oak floors, electric fixtures, all rooms decorated, built on cement block foundations, on large tracts of land, (100 ft. by 300 ft.) in select Chicago district and on main stone highway. Near good schools, stores and churches—not away out in the country. Only 40 minutes from the loop.

LARGE HOMESITES \$875 **TERMS: \$10 a Month** **ACRES \$350** **PER ACRE \$10 a Month**
(100 ft. by 300 ft.) Water, stone roads and electric included in Greater Chicago near rapid transportation at the rate of

This Land Is Now a Part of Greater Chicago and Will Pay You Big Profits on Every Foot You Buy. Read This Carefully and You Will See How You Can Profit by the Growth of Chicago.

This is the way to make money. You can live on this land now and pay for it with your rent money; or you can cultivate it and make money by raising fruits, poultry and vegetables. The money you give away, with nothing but rent receipts to show for it, will buy your Chicago Acres and build your home. Just think of this! This money invested in acres in Greater Chicago, on which you can build your home, will make you big profits, because, in addition to your saving by this method, your land will double and treble in value, thus making you independent for life.

Every acre contains eight city lots. In a short time you should be able to cut up this land into lots, and each lot should sell for

as much as you now pay for an acre. In the last few years hundreds of our purchasers have made big money by the increasing values of their land, which was bought with a few dollars down, balance like rent.

The other day one of our customers, who paid \$1,850 for five acres of land a few years ago, sold a lot off this piece, 100x150 feet, for \$8,000, and still has over 4 1/2 acres left. Property we sold a few years ago at \$20 a front foot is now selling at from \$150 to \$250 a front foot. Acres on the Northwest Side that sold a few years ago for \$800 are now selling for as much per lot as the purchasers originally paid for an acre. You can do as well. You can make money in the same way that these people made their money, and you need only a few dollars to start with.

At the first sign of skin trouble apply
Resinol

Delay in the proper treatment of skin troubles is dangerous. Every day spent in trying unproved remedies may only let the disorder spread. The value of Resinol Ointment is known! For thirty years it has been used as a soothing, healing remedy for the skin. If applied in time, it usually reduces the eruption promptly, but even in stubborn, long-standing cases it is surprising how quickly this gentle, yet effective ointment brings the desired results. At all druggists.

A Marvellous Invention for Beautifying Floors

INTO the homes of America enters a new household appliance which brings FLOORS up to a standard of beauty never before known. It is one of the big achievements of the Electric Era. The FINNELL Electric Floor Machine *for the home*, is our response to demands so insistent they could no longer be denied.

Now enjoy polished floors of matchless beauty, 365 days in the year! Hardwood floors of a lustre you never dreamed possible! Floors reflecting in soft lights and shadows all the beauty of furniture and furnishings! Floors of a beauty that will draw instant admiration from your guests!

No more struggling with a weighted brush! No back-tiring, knee-smarting drudgery! No more turning the house upside down to polish a single floor! Just touch a switch and let the FINNELL do the work. No need to push it; let it pull you along. Simply guide it. It is as easy as running a vacuum sweeper.

No need to remove the furniture. Just throw back the edge of the rugs. The FINNELL runs under furniture, into the corners, working all the time, quietly and powerfully. It rubs the wax in, does not leave it on the surface to smear or to get slippery. What if muddy shoes track across the floor? Whisk the FINNELL out of the closet, and in five minutes every trace of dirt or dust marks is gone and the floor has its original lustre.

Beautifies and Preserves Linoleum, Rubber-tile, Cork

Regular polishing with a FINNELL preserves the newness of linoleum, renews the resiliency, keeps the pattern fresh and the colors bright. Good linoleum will last twenty years if cared for in this way. The FINNELL will pay its cost in the added service it will give you from linoleum and similar floor coverings.

Scrubs and Refinishes, Too!

A minute to change the brush, and the FINNELL is an electric scrubber. It scrubs wood, tile, concrete, terrazzo,

floors, of all kinds, *cleaner* than you can afford to scrub them by hand. On greasy garage floors, or in the basement or laundry, human strength cannot attain the results of a FINNELL. It applies just as much pressure to the last square foot as to the first—twenty-one pounds!

Refinishing is as easy for the FINNELL as polishing or scrubbing. The FINNELL will remove the old varnish, sand the floor and make ready for a new coat of shellac, varnish or wax. The saving on one such job alone may pay the cost of your FINNELL.

Larger FINNELLS for Stores, Factories, etc.

Thousands of office buildings, factories, hotels, mills, stores, public buildings, schools, etc., use the FINNELL in one of the larger models.

No matter what kind of building you have, no matter what may be the kind, condition or area of the floors, there is a right size and type of FINNELL to scrub floors cleaner or to polish floors better for less money than you now pay for hand methods.

Free Booklets

Send coupon today for your copy of interesting illustrated booklet, also full information as to price, and convenient terms of payment. Any dealer listed on this page will be glad to demonstrate the FINNELL in your home, without cost or obligation.

Business men interested in the larger FINNELL should check coupon for "Your Questions Answered by Users".

FINNELL SYSTEM, INC. • 131 North Collier Street • Hannibal, Mo.

ESTABLISHED 1906

Floor Machine Headquarters for Twenty Years

Chicago Office: 32 South Clinton Street—Main 0615

FINNELL

ELECTRIC FLOOR MACHINE

It Waxes—It Polishes—It Sands—It Scrubs

HUSBANDS!

Who refinishes the floors in your home? Do you get down on your hands and knees once a year and scrape and scrub and scratch the old finish off? Do you rub the wax on and then try to rub it in?

Who polishes the floors? Do you drag out a five, ten or fifteen pound brush and push and pull it around the room—hour after hour?

Or do you leave such drudgery to your wife?

If neither of you do it, you must be paying someone to do it. That is expensive. The usual charge is \$35 to \$40 to refinish a single room. The entire house can easily run up to \$200. To keep the floors polished costs more money.

The first cost of a FINNELL is practically the only cost. With it, you—or your wife—can do everything needed to refinish the floors in your house. Or your maid or butler can do it.

You can then polish as often as needed. It will be easy, effortless, and, above all, the results will amaze you.

If you love beautiful polished floors, investigate the FINNELL!

THE SPRING EXPOSITION

MARCH 15 TO MARCH 20

THE Spring Exposition is a seasonal emphasis upon your all-year-round invitation to visit the Store. Here you will find everything in tune with the freshness which Spring brings. House-furnishings have readily lent themselves to the feeling of the mode; and this year, more than ever, the Eighth Floor Model Rooms, which have been completely rebuilt, mirror a delightful parade of color and modern design. The products of master craftsmen of this country and choice wares with the romance of far-away places have all been concentrated into the rich bazar which is the Spring Exposition.

CANDIDATES FOR MUNICIPAL BENCH FILE PETITIONS

All Twelve Sitting Judges Seek Re-election.

BY FRANK BUTZOW.

Except on the organization states few candidates for Municipal court judge filed nominating petitions with City Clerk Gorman yesterday, the first day for filing. All twelve sitting judges whose terms expire this year are candidates again. Ten are Republicans and two are Democrats.

Two Republicans, Judges Asa Adams and Henry M. Walker, who were left off both the Deneen-Lundin and Crowe-Barrett slates, filed their own petitions. The two Democrats, Judges James J. O'Toole and Frank T. Sullivan, are slated on the Brennan organization ticket.

Five of the sitting Republican judges were put on the Crowe-Barrett slate and the other three were listed by the Deneen-Lundin organization.

As a result of the new law requiring rotation of names of judicial candidates by precincts in the primaries there was no scramble for favored places on the ballots. Filings are open until March 24. Soon after that date the Chicago Bar association expects to hold its referendum on candidates.

Dyane Lewis O'Connell, Harrison Democrats said yesterday they would enter several judicial candidates in the April 13 primary and perhaps a complete slate.

First Filings Received.

Following are yesterday's filings: BRENNAN DEMOCRATIC TICKET: James J. O'Toole, John J. Rooney, Peter H. Schwab, Joseph Burke, Samuel E. Pines, James E. Glass, John F. O'Connell, George F. Sullivan.

DENEEN REPUBLICANS: Frederick W. Elliott, Edward H. Lubeck, William L. Morgan, Samuel H. Trude, George R. Holmes, S. J. Koenigsmann, John H. McCabe, Samuel R. King, Samuel Heller, Henry R. Hester, Alfred O. Erickson, Henry R. Hester, Leo Klein, Robert E. Gestzel, P. Le Roy Fairbank, John A. Buge, John Shabro, Harry Kitzko, W. E. Jacobs, Joseph W. Schulman, Robert E. McMillan, Herbert W. Auv, Stanley C. Armstrong, William H. Fester.

Other candidates besides Judges Adams and Walker, who filed yesterday were Oscar Thompson, Rush B. Johnson, Edwin A. Feldott, Robert L. Cohan, William Richard Brand, Leo P. Day, and Sabato Inmatola, Republicans, and Joseph P. Burke, Democrat.

BURNS KILL 4 YEAR OLD GIRL. Aline Bowman, colored, 4 years old, 2822 Rhodes avenue, died yesterday at the Wilson hospital from burns suffered Sunday afternoon when her dress caught fire while she was playing with matches in her home.

Watch Your Breakfast

Energetic Mornings Depend on Breakfast—Start Always with Quaker Oats

HOW you feel all morning depends largely on what you eat for breakfast. Thousands have unenergetic forenoons because of wrong breakfast eating.

To feel right, you must have a well-balanced, complete breakfast ration. At most other meals—lunch and dinner—you get it. But breakfast is a hurried meal, often badly chosen.

Thus Quaker Oats, containing 16% protein, food's great tissue builder; 38% carbohydrate, its great energy element, plus all-important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.

It is food that "stands by" you through the morning. Quick Quaker cooks in 3 to 5 minutes. That's faster than plain toast. Don't deny yourself the natural stimulation this rich food offers.

Quaker Oats

Advertising Men

The advertising department of The J. L. Hudson Company, largest store in Detroit, has these positions open:

1. For furniture copy writer.
2. For direct mail manager.
3. For copy chief.

Agency men or men with high-grade retail experience will find these openings of real interest. We prefer men between 30 and 35 years old. Send immediately complete statement of qualifications, together with salary required, to Ralph L. Yonker, care La Salle Hotel, Chicago.

SUPREME COURT JUSTICES BACK VAIL AS CLERK

Six of the seven justices of the Illinois Supreme court have signed a testimonial commending the record of Supreme Court Clerk Charles W. Vail, Republican candidate for re-nomination. The only member of the bench failing to sign was Justice Floyd E. Thompson, Democrat. Mr. Vail, an ally of United States Senator Charles S. Deneen, is opposed in the primary for a third term by U. G. Lee of Chicago. Following is the testimonial of the justices:

"We, the members of the Supreme court of Illinois, recognizing the highly efficient manner in which the clerk's office has been conducted during the administration of Charles W. Vail, the present incumbent, have no hesitation in saying that we have no doubt if he is nominated and re-elected the office of clerk will be administered with the same efficiency as in the past."

(Signed) WILLIAM M. FARMER, "FRANK K. DUNN, "WARREN W. DUNCAN, "CLYDE E. STONE, "OSCAR E. HEARD, "FREDERICK R. D'YOUNG."

Cerone Dies of Wounds, Silent as to Slayer

Silent as to the identity of his slayer, Thomas Cerone, supposed beer war victim, died last night at the Mother Cabrini hospital. He was found unconscious at Grand and Racine avenues, March 8, suffering from two bullet wounds. Cerone, a former police operator, was lately employed as an inspector by the sanitary district. The police arrested Miss Dorothy Sans, who, they said, had been living with Cerone at 3001 Washington boulevard. She could throw no light on the shooting. She was released on bonds under a disorderly conduct charge.

HARDING CALLS DENEEN COURT CHARGES FALSE

Comes Back Red Hot at Lundin Camp.

Deneen-Lundin headquarters claimed yesterday that they have caught some Crowe-Barrett candidates redhanded in the act of approving the world court, which they later condemn in platform and speeches. The charge was met with a blistering denial that promises to open up another week of sizzling hostilities between the factions.

George F. Harding, candidate for county treasurer; Joseph P. Savage, candidate for county judge; County Reviewer Charles V. Barrett, candidate for re-nomination, were the candidates accused of using the world court issue as a matter of expediency "to deceive the people."

The answering bombardment was fired by Mr. Harding on behalf of himself and his colleagues. Deneen headquarters said the trap was sprung Sunday night at Olivet (colored) Baptist church, 31st street and South Park avenue.

Pastor for Court.

The pastor, the Rev. L. K. Williams, had championed the world court, it seems, declaring that "if any instrument might lead to a better understanding between nations that instrument was such a court for international justice."

After his speech the Rev. Mr. Williams, according to the announcement, asked those of his audience who agreed with him to stand up, and, according to the same announcement, Mr. Harding stood.

Thereafter the Barrett brothers and

Savage, all anti-world court candidates, joined in the chorus of approval of the Rev. Mr. Williams' speech, the statement continued.

Retort by Harding.

Mr. Harding read the Deneen-Lundin statement and retorted: "The unsigned, anonymous statement emanating from the Episcopalian church headquarters in reference to the Olivet Baptist church meeting is on a par with all other statements emanating from the same source in this campaign. There is not a word of truth in it."

"Their campaign is based on falsehood, slander, and libel. In one breath they denounce me for my opposition to the world court and league of nations and in the next breath they issue a statement denying that I am opposed to the world court and league of nations."

"I would suggest that this crowd of mud slingers, liars, and character assassins organize and agree upon one lie and then consistently stick to it."

IGOE OPENS HIS CONGRESSIONAL FIGHT AS WET

With a plea for wine and beer James T. Igoe last night opened his campaign for the Democratic nomination for congress in the Sixth district, which contains the town of Cicero, per has the wettest spot in the county, and Oak Park, one of the driest suburbs. Mr. Igoe, addressing a meeting of Democratic women of the Thirtieth ward, said:

"One particularly significant aspect of Volsteadism is the breakdown of respect for the federal government. Educators, students of government, representative churchmen, and the average man in the street agree that the Volstead act has failed in its functions. It has made this country a nation of hypocrites and bred corruption in public office."

DAKOTAN CHEERS BRENNAN FIGHT ON VOLSTEADISM

George H. Randall of Rapid City, S. D., the first Democrat elected to a county office in that state, visited George E. Brennan yesterday to tell the Democratic candidate for United States senator that he has a popular issue in his campaign appeal for modification of the Volstead act.

"I know that South Dakota would vote for modification if it had an opportunity on a clear cut issue," Randall said. "In our town before prohibition we had eleven saloons and one night policeman. Now we have six police in uniform, four plain clothes men, and six deputy sheriffs. In the old days we seldom had more than one or two prisoners in our jail. Now it is full."

KRANICH & BACH

Queen Anne

The Kranich & Bach Piano Will Retain Its Tone

Like a fine old Stradivarius, the voice of a Kranich & Bach actually improves—grows more mellow each year.

Year after year, celebrities the world over have paid tribute to the Kranich & Bach Grand—the piano of the masters as well as the piano of the home.

GOSSIP SENDS BEARS POUNDING AT FLORIDA RAILS

Livermore Says Coral Gables Is O. K.

New York, March 15.—[Special.]—Market operators in Wall street today took advantage of the gossip going around respecting the status of some of the Florida land promotions, and hammered stocks which would be affected by reverses to the recent boom in that flowery state.

It was whispered that representatives of one of the big development companies were shopping among the banks in the hope of obtaining loans and that the failure to raise funds would mean a crash. There was no reliable information to support this talk. In fact, all available statements denied it.

Florida Rails Lose.

Nevertheless, throughout the trading session of the stock exchange there was heavy selling of stocks of railroads serving Florida. Atlantic Coast Line dropped 6 1/2 points and at the time was down 13 1/2 points to 208, a new low for the year. Seaboard declined 5 1/2 to a new low and closed with a net loss of 3 points. Southern Railway lost 2 1/2 points, but recovered half the decline.

Because of rumors that it was involved in construction work for Florida enterprises, stock of the Foundation company was hammered down 6 1/2 points to a new low. It recovered the greater part of the decline.

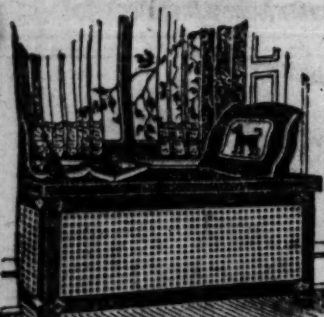

George W. Hopkins, vice president in charge of the New York office of Coral Gables, which was one of the enterprises mentioned in the rumors, denied this enterprise faced financial difficulties. Representatives of the development projects at Boca Raton and Hollywood-by-the-Sea also denied these were involved in trouble.

Claim \$10,000,000 Sales.

It is known there has been a strong reaction from the Florida boom. As to Coral Gables, that concern reports sales of over ten millions of property since Jan. 1. From Miami comes word that no local outstanding obligations of Coral Gables are unattended to. The vice president of the Bank of Bay Biscayne said today this corporation was able to meet any cash demands at this time.

POLITICAL NOTES

The women's division of the Smith senatorial managing committee will hold open house for Republican women at a tea from 2 to 5 o'clock today in the Florentine room at the Congress. There will be several speakers.

The Cook County Wage Earners' league, headed by M. J. Kelly, will meet at the Ashland auditorium this afternoon to endorse candidates in the April 13 primaries.

The withdrawal of Henry J. Ludens as Republican senator in the 35th district has made the contest for senator an out and out fight between the Small and anti-Small factions. The state administration is running Representative A. T. Tourillot against Senator Harry G. Wright.

Senator Shipstead (Farmer-Labor, Minn.), arrives today to make his address, "How to Keep Out of the World Court," at the Broadway armory tomorrow night. He will be the guest of honor at a big banquet at the Rainbo Garden tonight.

market operator in the country, issued the following statement:

"From all the information I can gather from banking and business leaders from both Miami and Palm Beach, who should be in a position to know the financial position of Coral Gables, the opinion is unanimous that there is absolutely no foundation to any of the rumors that have been circulated of late in regard to its affairs."

TWO ON TRIAL FOR TEN FIREMEN'S DEATHS IN BLAZE

(Picture on back page.)

Charged with the murder of ten firemen burned to death in a fire at Curran hall, 1387 Blue Island avenue, in April, 1924, Samuel Moore and Leo Unell, partners in a leather goods factory in the building which housed the hall, went on trial yesterday before Judge George F. Rush.

The specific charge is the murder by arson of Frank J. Froeh, one of the firemen who was killed. The trial is said to be the first of its kind in Illinois. Moore and Unell sprinkled their premises with wood alcohol and started the fire to recover \$22,000 in insurance, according to Assistant State's Attorney Samuel J. Hamilton.

Ten firemen were caught on the upper floors of the burning building and were killed when the roof caved in. The jury will probably be completed today.

METHODISTS O. K. B. G. A. LEADERS AFTER PROTESTS

Pennewell Censure Halted by Pastors' Vote.

Open discussion of the Better Government association and its acceptance of \$2,000 from George E. Brennan, who would be senator on a wet platform, was held yesterday at the Methodist ministers' meeting at the Chicago Temple.

Dr. A. M. Pennewell, pastor of the Garz Memorial church, Wheaton, Ill., called the deal with Brennan as "getting money under false pretenses." He declared "the only way public confidence can be restored in the Better Government association is for the ministers to disavow that deal."

Adopts Pro-B. G. A. Report.

At the meeting last week the discussion was secret and a committee was told to report yesterday. The meeting adopted the report. Of the report, Dr. Pennewell said, before its adoption:

"I do not question the motives of the leaders of the Better Government association, but I question their judgment and their judgment we are asked to endorse in accepting the report of the special committee. Let us wash our hands of the whole matter. If the Better Government association cannot hold together after such disavowal, let the Better Government association go."

The report of the special committee expressed "confidence in the purpose and motives of the officers and executive board of the Better Government association."

Replies to B. G. A. Critics.

The report condemned "certain selfish interests in Cook county which seek to begot the issues of better government by magnifying differences of opinion in policies." The committee then urged the churches freely to circulate and submit "or favorable consideration the recommendations of the Better Government association."

In defending the report of the special committee, Dr. R. K. Robbins, pastor of the Hemenway church, Evanston, said Dr. Pennewell obtained his knowledge from politicians.

DE MILLE STOPS HERE; TELLS OF \$7,000,000 FILMS

Cecil B. DeMille stopped long enough in Chicago yesterday to say he expected to spend more than \$7,000,000 this year in producing forty moving pictures.

Mr. DeMille, accompanied by his wife and eighteen year old daughter, Cecilia, spent five hours at the Blackstone hotel en route from New York to Hollywood.

While in New York Mr. DeMille saw a preview of his latest production, "The Volga Boatman," which will open at the Times Square theater in New York on April 12.

T. B. MILK TEST PROTESTS FUTILE, BUNDESEN SAYS

Unmoved by requests for a delay, Health Commissioner H. N. Bundesen announced yesterday that, so far as he is concerned, the pure milk ordinance will go into effect as scheduled on April 1.

Commenting on a resolution sent him by the Lake county board of supervisors asking a ninety day delay, Dr. Bundesen said:

"I am powerless to postpone the test, even if I wished to, but I will co-operate in helping the farmers meet the requirements."

112 INDICTED FOR GIGANTIC LIQUOR PLOT IN 12 CITIES.

69 Now Under Arrest;
Chicagoans Involved.

Cleveland, O., March 15.—(AP)—Conspiracy to violate the national prohibition law is charged against 112 persons in twelve large cities of the country in an indictment returned by the federal grand jury here today.

Chicagoans indicted were Charles Grosscurth, Robert Alworth, Al Squires, and Jack Green, operators of the J. B. Schuer company, and Frank Fennel, railroad employe.

Fifteen minutes after the indictment was returned Harry Volpe, Providence, R. I., one of those indicted and who was largely responsible for the investigation, entered a plea of guilty before Federal Judge Paul Jones. He was released on personal bond of \$10,000. Sentence was deferred.

More Indictments in Sight.

There will be additional indictments, United States Attorney A. E. Bernstein declared. He estimated that the total number of defendants ultimately would exceed 200.

The case already has cost the government between \$10,000 and \$125,000. It was estimated. Three hundred and fifty witnesses were examined before the grand jury was recessed today until April 1.

The indictments list 165 overt acts. Handling of 75 carloads of grain alcohol aggregating 475,000 gallons is described in ninety of the overt acts. Sixty-one of the separate allegations recite the details of telephone calls and telegrams alleged to have been used in the illicit traffic. The remaining overt acts deal with alleged exchange of money between those involved for quantities of alcohol, for protection from officials, and for storing and transferring the contraband liquor.

69 Already Arrested.

Sixty-nine of the 112 persons indicted were arrested before the true bill was returned. Bernstein declared that nearly every one of the remaining 43 have been so closely watched that their arrest speedily can be effected.

Origin of the conspiracy is attributed in the true bill to four Philadelphia men. Alleged illicit operations are traced from this origin into the middle west, northwest, and the Pacific coast. The operations cited include:

Establishment of the Superior Industrial Alcohol company and two other manufacturing plants in Cleveland; organization and operation of "the Twin Cities Million Dollar Rum Ring" in St. Paul and Minneapolis; and a subsidiary in Duluth; use of warehouses and auto transfer systems in Detroit, Cleveland, Minneapolis, St. Paul, Duluth and Boston; protection by internal

revenue employes in Cleveland; aid of railway police in several localities; protection by a police detective in St. Paul; purchases and sales of illicit alcohol in several cities, and operation of a Chicago company incorporated ostensibly to deal in perfumes.

Shipment Is Seized.

The alleged conspiracy was first brought to the government's attention by Volpe after a carload of alcohol shipped by the Superior Industrial Alcohol company to him was confiscated here last May.

Upon hearing of the confiscation, Volpe requested the company to deliver his shipment or refund money he had advanced. Instead, he told government agents, he was threatened with death "unless he dropped the entire matter where it stood." Volpe, nevertheless, reported to U. S. officials.

Three months later the authorities raided the plant of the Superior company and two local subsidiaries, seized distilling equipment valued at \$60,000 and alcohol worth from \$7,000,000 to \$9,000,000 and the books and records of the companies. Through these the

government revealed the extensive operations of the ring.

Started in Philadelphia.

The alleged conspiracy, the indictment charges, was originated in Philadelphia by Benjamin and Frank Fogel and Benjamin and David Gersenstein, reputed millionaire bootleggers. These men, the true bill charges, organized three Cleveland companies which were to be the concentration and distribution sources of the contraband supply of pure grain alcohol.

The companies were formed, the indictment charges, and through falsification of records, pure grain alcohol manufactured or bought for denaturing purposes, under a government permit, actually was diverted into bootleg channels. It is alleged that as high as 50,000 gallons were shipped a week.

NEGRO SLAIN IN GUN DUEL.

Harold Battles, colored, 3233 Indiana avenue, was shot and killed yesterday by Charles Fields, also colored, in a revolver fight in the latter's shoe shining and repair shop at 10 East 23d street. Fields was shot in the shoulder.

ANDREWS NOW PLANS TO FIGHT WETS WITH TAX

Washington, D. C., March 15.—(Special)—A further campaign to harass bootlegging was announced today by Brig. Gen. L. C. Andrews, prohibition czar.

It is his purpose to tax them \$6.40 a gallon for the contraband liquor they produce and sell.

Under the Volstead act, although liquor is illegal, if it is discovered it may be taxed and under the 1926 revenue act, liquor sold without a federal license is subject to a tax of \$6.40 a gallon.

To Pay Enforcement Cost.

This phase of his program Andrews

said contemplates that violators of the liquor laws shall be compelled to pay the cost of enforcing prohibition.

In explaining the proposed taxation of bootleggers, Gen. Andrews pointed out that the income division has checked for several months on the collection of income taxes from bootleggers who failed to include their rum profits in their income tax returns.

Dry Bill Blocked.

Passage of the Crampton bill, to include the entire personnel of the prohibition enforcement unit in civil service—a major plank of the Anti-Saloon league for several years, and more recently adopted by the wets—was blocked in the house by objections raised by Representative Blanton (Dem., Texas), a leading dry.

Until Representative Hill (Rep., Md.), marshal of the wets, asked unanimous consent to have the record show that a similar bill had been proposed by Representative Tinkham (Rep., Mass.), an outspoken wet, the Crampton bill had been assured of passage by unanimous consent.

When some of the dries appeared reluctant to permit this showing in the

record, other wets, including Representative Lehibach (Rep., N. J.), Dyer (Rep., Mo.), and La Guardia (Socialist, N. Y.) announced they would object to passage of the Crampton measure unless insertion of the Tinkham bill in the record was permitted.

"I'll object to the Crampton bill," shouted Representative Blanton, and the measure was lost for the time being.

"Whenever I find Hill, Lehibach, Dyer, Tinkham, and La Guardia in favor of some dry measure I want to know about it."

Hurried conferences between Representative Crampton (Rep., Mich.) and Blanton, in which a number of other dries participated, resulted in Blanton agreeing to withdraw his objection and Crampton asked unanimous consent for a reconsideration.

Representative A. E. Stephens (Rep., O.) then entered an objection and the bill was downed again. It will be brought up again in two weeks.

"I objected," Representative Stephens said, "because I don't propose to allow Blanton and Crampton to play fast and loose with the house."

CARSON PIRIE SCOTT & CO

The Home Beautiful Service

However simple or difficult the new spring decorating problems may be, this service can be of assistance, especially to those furnishing the small house or apartment.

Aid is given in selecting new furniture as well as harmonizing these pieces with those already in use, and the most effective arrangement results.

Interesting Pieces of Furniture To Give a Fresh and New Interest to the Home

Individual pieces of furniture with decorative touches, unaffected grace and general air of sturdiness are typical of the groups here.

Roomy Comfortable Chairs, \$68.50

The deep seat and high reclining back are important features. Tapestry or damask with plain velours is a complementary upholstery.

**Writing Desks
Ample Drawer
Space, \$32.50**

Finished in mahogany with two drawers. 28 inches wide by 41 inches high.

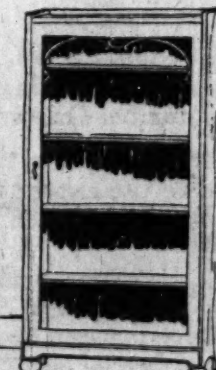

Mahogany Finished Tables, \$16.50

Very attractive tables with mahogany motifs at either end in lighter shade.

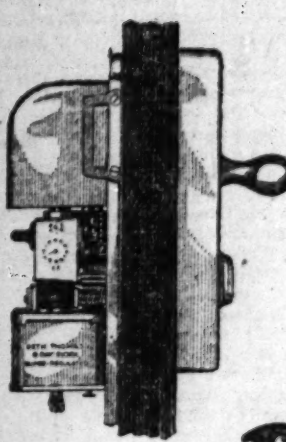

Sixth Floor, North.

**Bookcases in
Mahogany
Finish, \$29.50**

These are of a very convenient size—27 inches wide, 53 inches high.

Used By America's Best Known Stores

The Dayton Time Lock For Doors is used by United Cigar Stores, Liggett Drug Stores, Schulte Cigar Stores, Walgreen Drug Stores, and many other big institutions. These stores were equipped with this lock after tests proved it was a profitable investment because it promotes punctuality and promptness, protects inventories, assures an open door every day, and thus adds to profits.

Dayton Time Lock for DOORS

It measures TIME, the most expensive commodity today. It tells what time your place of business is opened and by whom; what time it is closed and who closed it, and whether it was entered during the hours when it was supposed to remain closed, and if so, who entered.

These facts are revealed by exact automatic recording on a tape which may be examined every day or every week, thus giving you a picture of how time is used in your organization whether you are close to it or a thousand miles away.

30 Days' Trial

Convince yourself, as have so many nationally known firms, that the Dayton Time Lock for Doors does ADD profits to your business and pays for itself. Use the Lock for 30 days. If you do not want to keep it you will be under no obligations to do so.

Write or Phone

Let us tell you how a Dayton Time Lock for Doors can be used in your business. A letter, post card, or phone call will bring full information and our recommendations. Write or phone today for Literature and Trial Offer.

WANG OR ACQUIT THEM, IS STATE'S GANG TRIAL PLEA

Jurors Urged to End Rule of Shotguns Here.

Death on the gallows, or acquittal, is the demand by the state for John Scallan and Albert Anselmi, Genna gunmen, on trial before Judge William V. Brothers in the Criminal court for the murder of Policeman Charles Walsh. First Assistant State's Attorney George E. Gorman, in his opening argument to the jury yesterday, told them that the verdict must be one of the two extremes; that there can be no middle ground.

The prosecutor, in a four hour appeal to the jury to rectify the miscarriage of justice, as he puts it, which occurred in the first trial, for the murder of Policeman Harold Olson, in which the gangsters received only a fourteen year sentence, told the jurors that it is up to them to decide whether gangland or law and order rules in Chicago.

"The Gummans' Idea of Law," "These men are guilty of one of the most brutal murders ever com-

FARM EXPERTS FLOUT IDEA THAT MILK IS TAKING BEER'S PLACE

Prohibition cannot be given the credit for the 27 per cent increase in the consumption of milk throughout the country during the last five years, the Chicago office of the American farm bureau stated yesterday.

Figures showing this increase represent the responses made by fifty-one dairy experts from 30 per cent of the states of the Union, and were compiled by Arthur D. Lynch, director of the dairy marketing department of the Illinois Agricultural association.

"Milk is a food, not a beverage," was the comment of Dr. F. D. Walmsley, vice president of the Borden Dairy company. "More milk may be used since the corner saloon stopped providing a place for the workmen to have his can of beer with a sandwich, but there should not be a conflict between beer and milk."

"Advertising, not prohibition, is the cause of this increase in consumption," George Wieland, president of the Wieland Dairy company, said.

"It is gratifying," spoke M. J. Metzger, secretary of the Borden Dairy company, "to see milk bottles standing in the places formerly occupied by beer cans, but I should say prohibition is not largely active in bringing this about."

mitted in Chicago," he said. "The deaths of the policemen represent the gunman's idea of law. They have a

law unto themselves, the shotgun law, in which they act as judge, jury, and executioner.

"Law and order are on trial in Chicago today. This is the most important case since the trial of the anarchists. It is up to you men to send out a message to the men who wear the uniform of blue and protect our homes, whether or not law and order through the courts, or shotgun law, will rule in this community.

Either Gallows or Freedom. "Your verdict must be and ought to be death for these gangsters, who made their living through the alcohol

racket and lived by the rule of the shotgun. There can be no middle ground. Either this is a hanging case or a case of justifiable homicide."

Gorman finished his argument late in the afternoon and then Attorney Patrick H. O'Donnell started a final plea for the life of Anselmi. He will continue this morning and will then be followed by Attorney Michael Ahern. The case should go to the jury Thursday evening.

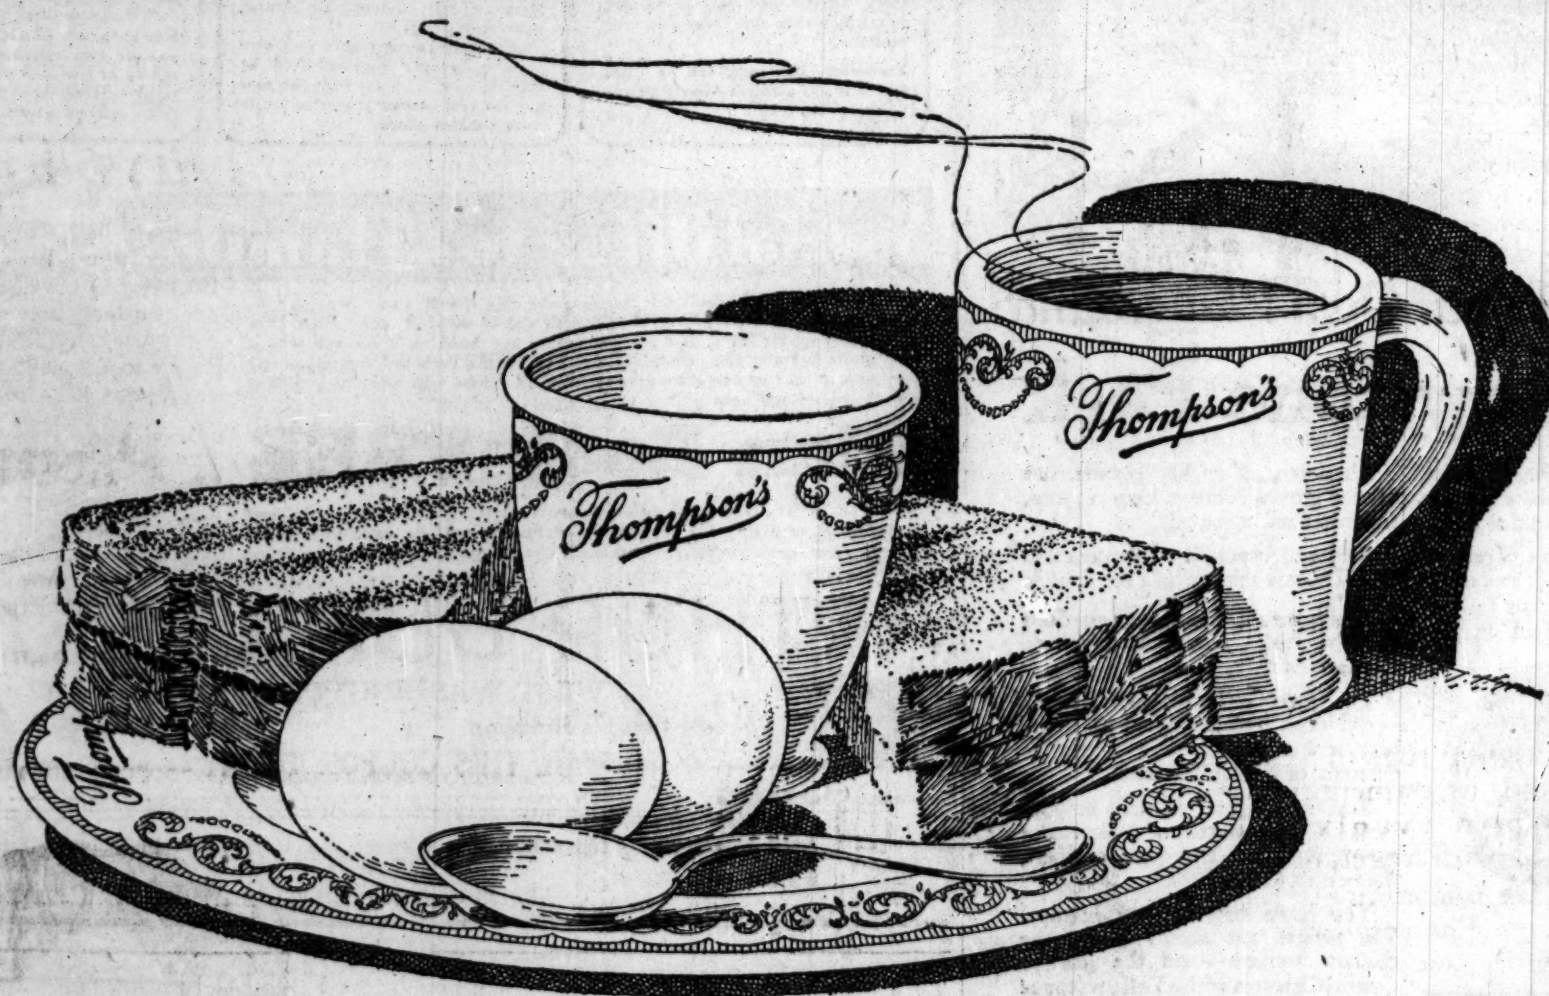

Thief Walks Into Unlocked N. U. Frat House; Robs Six

Six members of the Delta Upsilon fraternity at Northwestern university awoke yesterday morning to find that a sneak thief had entered the fraternity house during the night and robbed them of \$25. The burglar had merely walked in, as it is customary not to lock the front door of the house at night.

Give Thin Sickly Children a Chance

Children that are thin, underweight, lack the pep and vim of normal, healthy youngsters should be given Coco Cod to build them up and give them sound bodies in which to develop sound minds.

Coco Cod is pure cod liver oil, the greatest builder of strength and energy known to medical science. Combined with the cod liver oil are the essential vitamins from yeast, eggs, lettuce and spinach, the whole flavored with pure cocoa, making a palatable and nutritious tonic that is unequalled for giving sickly children robust health and energy.

Coco Cod is highly recommended by physicians for rickets in children, for weak, anemic, or undernourished conditions. One doctor writes: "I am using Coco Cod in my own family and highly recommend it."

Coco Cod is also especially valuable for nursing mothers, for convalescents, for tired, run-down men and women, for elderly people who need new vigor and vitality. Begin today—take Coco Cod for health. All druggists.

A Raw, Sore Throat

Eases Quickly When You Apply a Little Musterole

Musterole won't blister like the old-fashioned mustard plaster. Spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. Brings quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest. Keep it handy for instant use.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. Jars & Tubes

MUSTEROLE
WILL NOT BLISTER

Bitter than a mustard plaster.

PROSECUTION OF WHEELER SCORED BY 2 SENATORS

Called Black Chapter in
U. S. Jurisprudence.

(Chicago Tribune Press Service.)

Washington, D. C., March 15.—[Special.]—Describing the prosecution of Senator Wheeler [Dem., Mont.] as "a black chapter in the history of American jurisprudence," Senator Walsh [Dem., Mont.] introduced a resolution in the senate today calling upon the attorney general for information in connection with the case.

SENATOR
WHEELER.

The resolution, action on which was deferred on the objection of Senator Cummins [Rep., Ia.], chairman of the judiciary committee, asks the attorney general to advise the senate as to whether the testimony of George B. Hayes, a New York lawyer, who was a "surprise" witness against Wheeler in the Montana trial, is to be presented to a grand jury with a view to his indictment for perjury.

Senator Borah [Rep., Idaho], chairman of the senate committee which inquired into the Wheeler case last year, informed the senate that he agreed with the views of Senator Walsh. He described the prosecution as "a sad and sorry story." He asserted that he assumed the department of justice would go "as far as it can in righting the wrongs of that prosecution."

Senator Walsh dealt at length with the testimony of Hayes, who testified as to a conversation with Senator Wheeler in New York which the latter asserts never took place.

"The story of this prosecution against Senator Wheeler makes a black chapter in the history of American jurisprudence," said Senator Walsh. "Happily it has few parallels."

BOYS STUDY MORE THAN GIRLS, SURVEY AT N. U. DISCLOSES

Men study more than women, but they also spend more time in eating. Social activities take more of a woman's time than of a man's, but the woman also devotes more time to self-development. Again women spend only 83 per cent as much time in outdoor work as men.

All that at least applies to college men and women, according to a survey just completed by the Y. M. C. A. at Northwestern university. Questionnaires were sent to the students and the results were compiled from 500 replies received.

According to the replies men put a maximum of 57 hours a week on study and a minimum of 4 hours, the women devoting a maximum of 51 hours and a minimum of 3 hours. Social activities claim a maximum of 36 hours weekly from the women, but only 29 from the men.

As to eating, the men have only a small edge; men spend a minimum of 2 hours at meals while women spend a minimum of 2 1/2 hours.

TAKE CHAUFFEUR'S CASH, CLOTHES.

Alexander Hoen, 2335 Charleston street, a Yellow Cab chauffeur, was robbed of his cap, coat, and \$5 last night by two armed robbers after he had driven them from North Robey street and Armitage avenue to 1740 North Wood street.

SUBCOMMITTEE OF SENATE VOTES TO SEAT STECK

Dusting of Brookhart Now
Seems Assured.

(Pictures on back page.)

Washington, D. C., March 15.—[Special.]—Daniel F. Steck, Democrat, was held to have been elected over Senator Brookhart [Rep., Ia.] in a report submitted by a subcommittee of the senate elections committee to the full committee today.

According to the subcommittee report, Steck was elected by a majority of 1,120 votes.

The full committee took no action, but will meet again tomorrow, when it is likely that the subcommittee report will be approved.

Speedy Action Likely.

Indications are that the senate will not long delay action when the full

committee submits its report, and if the Democrats and regular Republicans join forces Senator Brookhart will be unseated.

The subcommittee report was presented by Senator Caraway [Dem., Ark.]. It was unanimous, the other members being Senator Ernst [Rep., Ky.], who is chairman of the full elections committee and the subcommittee; Senator Watson [Rep., Ind.], and Senator George [Dem., Ga.].

Arrow Vote Counts.

In holding that Steck is entitled to the seat the subcommittee took the position that the intent of the voters in the November, 1924, election should be recognized. Iowa election authorities threw out hundreds of ballots which were marked by arrows which were designed to make it clear that the voters desired to vote for President Coolidge and at the same time vote for the Democratic senatorial nominee.

Senator Brookhart's election will leave him free to enter the primaries as a candidate against Senator Cummins [Rep., Iowa]. Possibility that he might defeat Senator Cummins has caused the Republicans considerable perplexity as to the best course to pursue in the pending contest.

ENVOY OF BRITAIN HERE TOMORROW WITH HIS WIFE

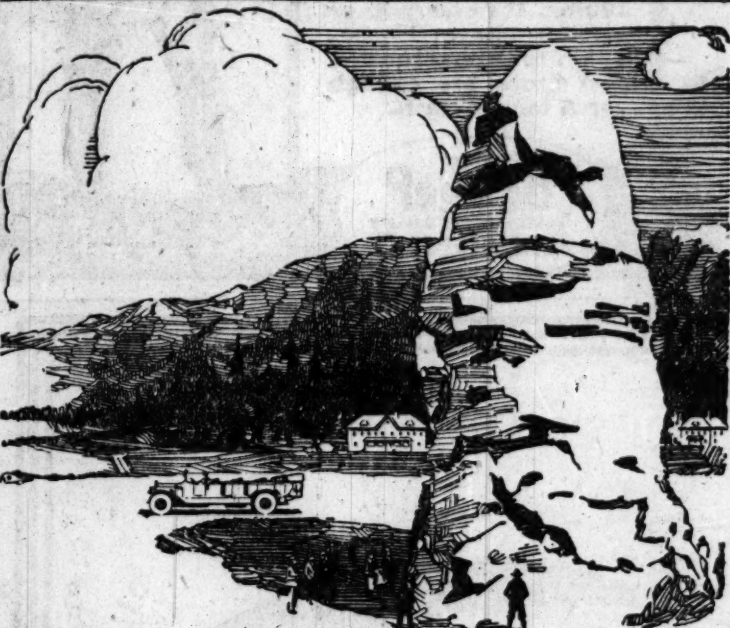

Sir Esme Howard, British ambassador to the United States, and Lady Howard will arrive in Chicago tomorrow for a four day visit.

Included among the arrangements for their stay are a luncheon of the Association of Commerce tomorrow, a dinner given by the English Speaking Union on Thursday, a visit to the stockyards, and a luncheon given by the University of Chicago on Friday, and a visit to the Tribune Tower on Saturday. Tomorrow evening H. A. Richards, British consul general, and Mrs. Richards are giving a small private dinner for the visitors at the Casino.

Deeply interested in such matters, the ambassador will also visit some of the steel mills and other industrial works in and around Chicago.

SEIZE EIGHT IN RESORT RAID.

Eight men and a woman were seized by the Chicago police last night when they raided an alleged disorderly resort at 72 West Euron street. Daniel Anton was booked as the keeper of a disorderly house.

Play in Your Own Playground! Yellowstone Park

Yellowstone is yours. With dozens of mighty geysers, hot springs, rainbow terraces, petrified groves, breath-taking canyons, waterfalls, wild animals of the forest and mountain!

Here is one of the most varied and beautiful wildernesses in the world. It belongs to you. The government has set it aside for you to enjoy.

You have Alpine flower gardens in "The Park," unexcelled in range, color and variety.

You have wild animal friends—elk, deer, buffalo, mountain sheep, bear and moose, fearless, calmly indifferent, or frankly interested.

You have good fishing in your Park. All the waters of Yellowstone are trout waters and some of them, the best in the country.

You have bewildering beauty. The geysers, the snowy peaks, the rainbow terraces—and the glorious Grand Canyon of the Yellowstone!

Play in your own vast playground this summer, where the Rockies are "as they were in the Beginning." It will be the happiest vacation you ever enjoyed.

P.S. If you want any information about Yellowstone, I am at your service.

COACH U. S. OVER MEXICO, BUT WHO ARE THEY?

'Not Us,' Say 3 Senators Named Here.

Use of the name of United States Senator Burton K. Wheeler and of several others, in connection with a statement issued in Chicago on Sunday by an organization styling itself the "emergency foreign policy conference," and calling on the state department to "recognize Mexican sovereignty over property rights, including those relating to oil," caused some talk of a furor in Washington last night.

"I had no knowledge such a statement was contemplated. I certainly had nothing to do with it, and the language I knew, approved or disapproved is unwarranted," Senator Wheeler said in Washington.

Others, whose names, according to the Associated Press, were appended to the mimeographed statement as members of various committees of the "conference," were Senator Robert E. Howell (Rep., Neb.), Senator Hendrick Chapin (Farmer-Labor, Minn.), and Senator Lynn J. Frazier (Rep., N. D.).

Others Issue Denials. They also denied knowledge of or acquiescence in the statement, Senator Frazier adding he never had heard of the conference, and that his name had been used without authority. Another to deny membership in the organization or knowledge of it was Mrs. J. Borden Hartman of Washington, who was listed in the Associated Press dispatch as a member of the conference.

Investigation last night revealed that the headquarters of the organization are located in Suite 1414 of the Monadnock building, occupied by the law firm of Butler, Lamb, Foster & Pope, and that Arthur Fisher, with offices in the suite, is acting secretary of the committee.

Says They Are or Were Active. Mr. Fisher, when reached at his home at Winnetka last night, told of releasing the statement for publication, but denied the sentiments it contained "necessarily" were those of the dissenting senators. He was emphatic, though, in declaring that those senators are, or "had been," active in the conference as members of its various committees. Senators Wheeler and Shipstead, he said, are members of the executive committee.

Miss Jane Addams of Hull House and Prof. Robert M. Lovett are among well known Chicagoans affiliated with the conference, Fisher said. "Our object," said Mr. Fisher, "is to pool miscellaneous groups as to what stand on various foreign policies, and finally to issue a statement which gives the stand on the conference."

Says Mexico Is Threatened. One paragraph of the statement reads: "The conference condemns the tendency of the state department to interfere with the internal affairs of Mexico and to attempt to coerce Mexico by direct and indirect threats of the withdrawal of recognition and moral support from the present democratic and established government." According to the Associated Press, the names of ten congressmen, in addition to those of the senators, Mrs. Harriman, and others, appeared at the end of the statement as members of various committees of the conference.

CHIROPRACTOR'S TALE OF KILLING GETS TO JURORS

Describes Murder of Philadelphia Woman.

Philadelphia, Pa., March 15.—(AP)—The confession of David L. Marshall, chiropractor, that he choked to death Anna May Dietrich and then dismembered her body, but that he had not meant to kill her, was admitted in evidence today at his trial for the murder. Marshall, in his statement, said that he tried to break away from her when she demanded money under threat that

she would tell his wife and that in a quarrel he seized her by the throat to frighten her, only to find that he had gone too far.

The confession, the third and last version which Marshall gave of the cause of the death of the 35 year old milliner, was admitted into the record after Abraham Wernick, his counsel, offered objection and was granted an exception when he was overruled.

Marshall's Confession.

The confession said that Miss Dietrich began to demand money last July or August.

On Jan. 19, the night Miss Dietrich died, Marshall said she called him on the telephone to say she was coming to his office, and he told her she "better go on home."

He tried to avoid her, he said, but he met her on the street as he was

leaving his office. They returned to the office, and he gave her "an adjustment," she having been given treatments by Marshall from time to time.

Tells of Slaying. Marshall then told of the slaying. "We had a quarrel. I caught her by the neck and tried to give her a little shaking and scolding; before the thing was over I guess I choked her."

Marshall then told of going home, of being unable to sleep, and, returning to the office the next morning, when he cut off the legs and head of the body. He wrapped the trunk and legs in brown paper and took them that afternoon to Delaware county in his automobile and threw them in the woods. He had forgotten the head and took it to the suburbs the next morning and hid it under a railroad trestle.

The new note for SPRING

Already most men are beginning to tire of their winter clothes. That is our reason for this early advance showing of spring merchandise. Men who know this store always look for the final note in correct attire here, first.

Whether suit or topcoat, as you shuck off your winter things, and ease into one of these new Stein-Bloch models, smartly cut, from choice imported fabrics and hand-needled in the custom shops of Stein-Bloch, you'll feel like Spring's Pacemaker.

By STEIN-BLOCH for DOCKSTADER & SANDBERG exclusively

DOCKSTADER & SANDBERG • 118 MICHIGAN BOULEVARD SOUTH

An Ideally Balanced Food

Many foods which come to your table are lacking in one or more of the vitamins necessary to "complete" food. Hydrox Ice Cream is a notable exception. Not only does Hydrox contain all the important vitamins but it comes in a form so universally appealing that every member of the family is practically certain to partake of its healthfulness every time it is served.

Eat Hydrox Ice Cream today, and tomorrow, too, and every succeeding day. It means a small investment that pays big returns.

Lace and Soft Crepe

A "throw-on" of creamy tinted margot lace and crepe chiffon, has the wide sleeves and closely wrapped skirt of newer modes in negligees. (Sketched above. \$33.75.)

Opening Week Displays

Negligees

Theirs is the quality of youth which seems to inspire fashions in springtime, expressed here in a negligee of brilliantly flowered silk, with fringe knotted by hand. \$50.

A margot lace throw over a coral-pink satin slip makes the graceful negligee sketched at the right. A boa of ribbon is caught with a French flower. \$57.50.

Summer velvet, as lightsome and supple as crepe, is patterned in gay plaids or stripes to make a "throw-on," debonair and lovely. (Not sketched.) \$65.

Third Floor, North.

Lingerie

Exquisite with the simplicity which means real art in design. Exquisite, not only in the fabrics which fashion them, but in the expert handling of details are these undergarments.

Of Voile Ninon and Alencon-Pattern Lace

Here are sets consisting of night-dresses, envelope chemises, step-in sets, princess slips. The night-dress sketched, \$42.75. The step-in chemise, sketched, \$29.75. The princess slip, \$29.75. The step-in set, including a lacy bandeau, \$29.75.

At this time it is especially advantageous for the bride of spring to make her trousseau selections.

Third Floor, North.

Girdles

Very handsome is a girdle of broche with the elastic at the top so cleverly handled that it produces that smooth line across the diaphragm. This girdle is priced at \$12.50.

Third Floor, East.

From France

Girdle step-ins, one might call these exquisite garments of apricot-colored elastic. For all their suppleness, they accomplish a smooth, really smaller line at the hips.

Their perfection of detail delights the fastidious woman. But one of many specially designed models, \$25

Third Floor, East.

Combinations

One, illustrated in the circle, is of suede satin with a thread lace brassiere top. Long in line—it gives slenderness to the fuller figure. \$15.

Another combination is all white with a frilling of lace. Entirely without bones, yet giving support and just enough restraint. \$7.50.

Third Floor, East.

CARSON PIRIE SCOTT & Co

FOR **Stomach**
Acid PHILLIPS' Milk of Magnesia

Instead of soda, hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of

bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this scouring waste from the system without purging. It is far more pleasant to take than soda.

Try a 25c Bottle

Insist upon "Phillips'." Twenty-five cent and fifty cent bottles, any drug store.

Grew with the Tribune in 1926.

DR. BUNDESEN'S HUMAN DAIRIES GET UNDER WAY

Lives of 500 babies will be saved before January, 1927, with milk furnished by young mothers to Chicago's new "human dairies," Dr. Herman N. Bundesen, health commissioner, predicted last night.

Examination yesterday of the first group of women to volunteer the sale of their excess milk was satisfactory, Dr. Bundesen said, and within a few days a supply will be available from twenty-five or thirty mothers.

"We will pay ten cents an ounce for the milk and sell it at three for thirty cents," explained the health commissioner. "To babies in poor families unable to pay, however, it will be furnished free of charge. Our purpose is not to make money but to save lives."

Tests Made in Secret.
To avoid breaking any confidences, Dr. Bundesen declined to say how the mothers tested yesterday were recruited or where the tests are conducted. As plans progress, he said, stations will be established in convenient places with experienced nurses in charge.

A special staff, composed of two nurses and a woman supervisor, directed by Dr. H. O. Jones, head of the child welfare department, is being created to handle details of the work. Central offices will remain in the health department rooms at the city hall.

Dr. Bundesen said he will call a conference soon of the advisory committee of physicians which helped him plan the system. Eminent obstetricians and child specialists are expected to attend.

Estimates of Supply.
Discussing details of the system, Dr. Bundesen estimated that the daily supply of milk from one healthy mother will be between twenty-five and thirty ounces, in addition to the thirty ounces she will need for her own baby.

At twenty-five ounces a day, the supply from thirty mothers, therefore, would be 750 ounces, or almost forty-seven pounds of milk daily, enough to feed twenty-five to thirty babies. This amount will be gradually increased.

At ten cents an ounce the mothers will each receive \$2.50 to \$3 a day in addition to the best fresh food to be furnished them free of charge. This will prove a boon to many mothers in unfortunate financial circumstances, the commissioner believes.

Money to pay for the milk for some time is on hand.

Notes of the Nation's Capital

Washington, D. C., March 15.—The Associated Press today reported activities in the capital as follows:

Representative Phillips of Pennsylvania announced his candidacy for the Republican gubernatorial nomination.

A joint resolution authorizing the federal reserve bank of Chicago to enter into contracts for erection of a building for its branch in Detroit, Mich., was adopted by the senate.

A house elections committee unanimously voted to seat Nathan Perlmutter (Rep.) as representative of the 14th New York district, whose seat was contested by William L. Stroh, a Democrat.

The house passed and sent to the senate a bill to authorize leasing for mining purposes of Indian agency and school lands. The Indians would get one-eighth of the royalties.

Under a bill introduced by Senator Smoot (Rep., Utah), title to lands patented to a state as school lands would be affirmed after six years, unless the mineral character should be discovered in that period.

Representatives of upper Colorado river basin states have agreed to support the Johnson-Swing Bowdler Cason dam bill, if a number of amendments they intend to propose are accepted.

The senate passed a bill authorizing the postmaster general to credit the accounts

of James E. Simpson, late postmaster at Collinsville, Ill., with \$12,190, which was stolen from the postoffice in 1920.

The senate reclamation committee ordered a favorable report on the Hudspeth bill to appropriate \$2,000,000 to provide for the storage of the waters of the Pecos river, to irrigate 40,000 acres in Texas.

The house agriculture committee approved a bill by Representative Ketchum (Rep., Mich.) to create the office of agricultural attaché. Such officers would be stationed throughout the world and would handle agricultural questions.

The senate today reconsidered its former action in passing two bills conferring jurisdiction on the court of claims to settle claims against the United States of the Crow and Assiniboine Indians.

When Chapman's attorneys were in Washington filing their petition they indicated some further expedient would be adopted should the Supreme court close the door against them.

May Die April 6.
Hartford, Conn., March 15.—(AP)—Gerald Chapman, murderer of a New Britain policeman, is under his third reprieve from Gov. Trumbull, which will expire at 2:01 on the morning of April 6 and his execution, it is expected, will take place immediately in the state prison at Wethersfield.

Find Buried City of Fifth Century B. C. Near Moscow
MOSCOW, March 15.—(AP)—Russian archaeologists have discovered on the outskirts of Moscow the remains of an ancient city, believed to date from the fifth century B. C., when stone tools were just beginning to be replaced by metal implements. Gold and silver jewelry was unearthed. The main occupation of the inhabitants, the archaeologists say, was cattle breeding.

CHAPMAN LOSES IN HIGH COURT; MAY DIE APRIL 6

(Picture on Back Page.)

Washington, D. C., March 15.—(AP)—The Supreme court today refused to step in between Gerald Chapman and the gallows.

With a two-word verdict the highest tribunal swept aside all hope of relief in that quarter for the notorious offender against state and national laws, who after three reprieves is under sentence in Connecticut to die for murder three weeks from tomorrow.

The court merely wrote "petition denied" at the end of the long recital of technical objections on which Chapman's counsel had sought to bring the whole question of his status up for review.

When Chapman's attorneys were in Washington filing their petition they

Here's new dental way to Gums like Coral

Also lightens cloudy
teeth remarkably

Accept, please, full 10-day tube of this scientifically-proved, film-removing dentifrice, urged by world's dental authorities. Note the great difference in your teeth and gums.

GLORIOUSLY clear teeth, gums like coral to contrast them! Add their attractiveness to your smile. Do this for social reasons, for business reasons.

Modern dental science now proves teeth seldom are naturally "off color"—simply clouded with a film coat that ordinary dentifrices do not clear off successfully. Clouded teeth now are given sparkling whiteness, and one's whole appearance thus often changed.

Accept, please, a full 10-day tube of this new way. A way scores of motion pictures' noted stars use to whiten teeth before going on a scene. A way leading dentists of the world now are widely urging.

Just a film dulling them and inviting gum troubles

Dental science now traces scores of tooth and gum troubles to a germ-laden film that forms on teeth. Run your tongue across your teeth and you will feel it—a slippery, viscous coating.

That film absorbs discolorations from food,

smoking, etc. And that is why your teeth look "off color," dingy and unattractive.

It clings to teeth, gets into crevices and stays. It lays your gums open to bacterial attack. Germs by the millions breed in it. And they, with tartar, are a chief cause of pyorrhea and decay.

Old ways won't clear it off

Ordinary dentifrices and cleansing won't fight film successfully. Feel for it now with your tongue. Note how your present cleansing method is failing in its duty.

Now new methods are being used. A dentifrice called Pepsodent—different in formula, action and effect from any other known.

Largely on dental advice, the world has turned to this method.

Clears film off—Firms the Gums

It accomplishes two important things at once:

Removes that film, then firms the gums.

A few days' use will prove its power beyond all doubt. Send the coupon. Clip it now before you forget and mail at once.

Only one tube to a family.

FREE Mail Coupon for 10-Day Tube to THE PEPSODENT COMPANY
Box A-2099, 1104 S. Wabash Ave.

Chicago investment house increases customers 352% with four years of Chicago Tribune advertising

Cochran and McCluer, after forty years' experience, quickly build up enormous sales

FOR 45 years the investment house of Cochran & McCluer Co. has been in business in Chicago. Back in 1881 Cochran & McCluer were advertising in The Chicago Tribune, helping to develop subdivisions such as Edgewater that are now a part of thickly populated and prosperous sections of the city.

They have a background of advertising experience, and The Tribune has helped them to prosper. The space employed, however, in earlier years was conservative, and the advertising was divided. Results were gratifying, but not sensational.

Four years ago, after checking returns, they decided to let The Chicago Tribune carry the bulk of their advertising. Their progress since then has been definitely traced to Tribune advertising because more than 90% of their advertising has appeared in The Tribune and they employ no salesmen. The purchaser must come into the office or send his check by mail.

The following table shows the amount of space used for their mortgage, loan and investment departments, and the increase in customers with each year of advertising:

Year	Tribune Linage	Increase in Customers
1922	20,055	54%
1923	29,015	82%
1924	37,803	32%
1925	27,750	22%

From January 1, 1922, to January 1, 1926, the increase in customers has been 352.4%. This astounding increase comes to an old firm that has been advertising in Chicago for more than 40 years. It came as a result of adequate space concentrated in The Chicago Tribune.

One advertisement in The Tribune produced 1,409 direct inquiries from Tribune readers. Tribune inquiries have always produced a very high percentage of sales. Cochran & McCluer have found a good class of customers, too—investors who do not make simply one purchase, but who return for further investments.

What is the reason for this remarkable success? Adequate space in a medium that dominates the Chicago Territory; whose circulation in Chicago and suburbs is greater than that of any other publication, a newspaper which is read by from 20% to 90% of the families in hundreds of towns outside Chicago; which reaches practically every banker in the 5 states of Illinois, Indiana, Iowa, Michigan and Wisconsin, a medium whose financial pages stand out as one of the most interesting and most complete financial sections in the country.

A Tribune man will gladly show you how to increase your sales through the proper use of Chicago Tribune space. If you are not fully acquainted with the possibilities of this rich market and with the way one newspaper dominates the territory, a Tribune representative will give you information of unexpected interest and of incalculable value.

Cochran & McCluer Co.

FIRST MORTGAGE REAL ESTATE CO.
40 North Dearborn Street
Chicago
July 29, 1926

Chicago Tribune,
Tribune Tower,
Chicago, Illinois.

Gentlemen:

A recent check-up on the results of our advertising in The Chicago Tribune has emphasized its value to us and reminded us of the length of time we have been Tribune advertising.

Our organization was founded in 1881 and can therefore point to a business existence of 45 years. At the same time this almost represents our connection with The Tribune, because in the early 80's when Mr. J. Lewis Cochran subdivided the North Shore tract lying between Foster and Devon Aves. he made constant use of The Tribune to bring home purchasers to the property which he had named Edgewater. Our advertising records of that period contain many interesting examples of the copy he used and call attention to remarkable changes which have taken place on our North Shore.

As you know, for a great many years our efforts have become more and more concentrated on the mortgage loan and investment end of our business. Our Tribune advertising in this connection has been most satisfactory. For about four years, dating from January, 1922, we have made a much freer and more constant use of Tribune space than ever before. The results have been very gratifying. During that period the number of our accounts have increased 352%. Particularly as we operate without salesmen and place over 90% of our advertising appropriation with The Tribune, we feel that this is quite a tribute to the pulling power of your paper and believe you would be interested in hearing of our results.

We look forward to further advantage from our connection and beg to remain

Very truly yours,

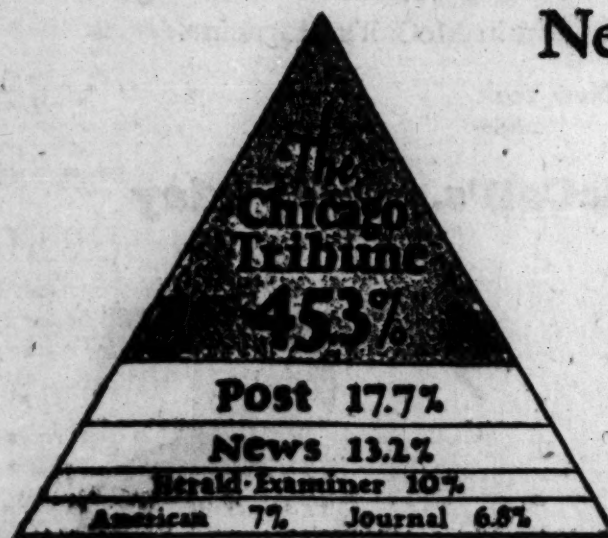

COCHRAN & MCCLUER COMPANY

Rudyard Kipling on McCall Street

There is more romance on McCall Street
than "on the Road to Mandalay."

Line drawing from
photo by Elliott & Fry

**The Short Stories of still another Great Writer
appear exclusively in McCall's Magazine**

If the 2,112,377* families in which
McCall's Magazine is read all lived on
a single street—a home every 25 feet
—the houses would line both sides of a
roadway from Boston to San Diego.

Average Net Paid Circulation for entire year 1925

RUDYARD KIPLING "goes over" with the readers of
McCall's. They like him on McCall Street.

Why does Kipling "go" on McCall Street?

Because of sheer merit—plus one other thing. A thing
that makes all the difference in the world—Kipling is known
on McCall Street. His reputation is established.

Rudyard Kipling succeeds on McCall Street, just as do
other pre-eminent people whose writings appear in
McCall's.

Gene Stratton-Porter, famous author; Ethel M. Dell,
famous author; Zane Grey, famous author; Sabatini,
famous author—they "go" on McCall Street.

Dr. S. Parkes Cadman, known religious authority;
Dr. Charles Gilmore Kerley, known authority on babies;
Dr. E. V. McCollum, known dietetic authority; Ruby
Ross, known authority on decoration; Sarah Field Splint,
known cookery expert; Emily Post, known authority on
etiquette; Marcia Mead, known architectural authority—
all these regular contributors have their merit recog-
nized on McCall Street.

They have succeeded on McCall Street for the same
reason that many leading products have succeeded—sheer
merit—known and becoming better known through the
power of the printed word in McCall's Magazine.

DELANEY STOPS MITTIGUE IN 4TH ROUND

STEENGRAFFE IN
FORM; COLLINS'
BOYS WIN, 4 TO 1Faber Bumped for
Pair of Runs.

(Chicago Tribune Press Service.)
Shreveport, La., March 15.—(Special.)—With all signs of snow gone and the southern sun back on the job, the White Sox resumed active training today with a session that lasted for three hours. It wound up with another six-inning contest between the Everett Scotts and the Everett Scotts and the Everett Scotts and the Everett Scotts.

Faber Hurts Three Innings.
Chief Carney, the bronzed man from Oklahoma, turned out the first three rounds for Collins and allowed one run in the first inning when Whispering Bill Barrett sloughed a two-bagger following a single by Scottie. Bill's blow was a little better than the one that Ray Morehart, who is in the training camp this spring to do or die. If he goes along as he did in the three innings today it looks as if he may do.

Blankenship Arrives.
A sparkling catch made by Whispering Bill Barrett must be recorded. He need not from right field and with one hand speared a line drive from Hunsfield's bat just before the ball hit the grass. Also it must be told that Ray Morehart, the young man who is quite sure to understudy Boss Collins this summer, poled a screaming triple to left center.

Elizabeth and Mary Victors in Indoor Play
Brookline, Mass., March 15.—[U.N.]—Miss Mary K. Browne and Miss Elizabeth Ryan, the California stars favored to fight it out for the women's national indoor singles tennis championship, easily won their way into the second round of competition when they played on the Longwood Cricket club courts today.

Noni Nevaire Did Mosquito Steal the Lion's Bride
(Chicago Tribune Press Service.)
PARIS, March 15.—The strongest man in the world has admitted himself wrong before scandal. Charles Rivault, champion strong man of the Olympic games, who recently won new honors and a wife by his prowess at weight lifting and weight throwing, went to law today to ask help in scotching the insidious report which has made him the laughing stock of Paris.

IN THE WAKE
OF THE NEWS

IOWA ATHLETICS.
UNIVERSITY OF IOWA for the first time won the Big Ten indoor track and field championship at Patten gymnasium Saturday night. On the same evening at Minneapolis Hawkeye basket tossers clinched the final victory which placed them in a four-ple tie with Michigan, Purdue, and Indiana for the floor golf.

Iowa's place in football is too well established to need elaboration. It took first honors in 1921, tied with Michigan and Chicago in 1922, and lost only one game in 1924. Now the Hawkeyes have rounded out their development in the three most popular branches of intercollegiate athletics.

A Couple of Hos for Spring!
Hot for the open road
In a drier water breeze,
When hope, made king by the breath of Spring,
Whispers "Life" in the fields and trees.

Dumbbell Pomes.
"Short and snappy"
Right, old chap!
I Call My Sweetie—
Perfection because she makes my lips pucker.

Do You Remember Way Back When?
The boys bought Plowboy tobacco and looked for coupon No. 29 which entitled them to a silver watch—T. E. B.

BIG TEN SEEKS
SAFEGUARD FOR
ITS AMATEURS

Asks Co-operation of the National A. A. U.
A new offensive against organizations that have, in the past, made inroads upon the amateur status of the Big Ten athletes is being launched by the athletic directors of the Big Ten conference. This latest crusade to keep the interest of the Big Ten athletes undivided is directed against the Amateur Athletic Union.

The Officials' Attitude.
It is the contention of the conference officials that a college athlete has just about all he can do in school without looking for further athletic enterprise on the outside. The average college athlete must devote a great amount of his attention to the sport in which he excels and the rest of his time should go to his books and campus life. It is said. No man can give the best to his school and serve an A. A. U. organization, too, the directors believe.

The Case of Spradling.
It has also developed that George Spradling, the basketball star who played with an A. A. U. team in the national tournament the amateur union will hold at Kansas City, if Spradling accepts this offer, the directors say, he will not play with the Big Ten team again.

Two Hoosiers Sought.
Lafayette, Ind., March 15.—Capt. George Spradling and Paul Neuman, members of Purdue's basketball team which tied for the 1925 championship of the Big Ten, both had opportunities to play with the Monon A. C., an amateur basketball team of this city, but they declined to accept because of the absence from the university would seriously handicap their chances of being graduated this spring.

Handball Champ Wins Opening A. A. U. Game
St. Paul, Minn., March 15.—(U.N.)—Maynard Lawless of Los Angeles, defending singles champion, came through the first round in the A. A. U. handball tournament, which started here today. Lawless defeated Adolph Ernst of St. Paul, 21-13, 21-11. Art Shinn of Milwaukee had an easy time disposing of Ernie Cook, 25 year old veteran of St. Paul, 21-7, 21-4. In another feature game, George Quam, an armed contestant of Minneapolis, eliminated Pat McDonald of New York City, 21-13, 21-17.

Helen Wills Seeks Another Tennis Title; Plays Today
CANNES, France, March 15.—(United Press.)—Helen Wills is out after another tennis title, this time the championship of the Cote d'Azur. With Suzanne Lenglen away, there seems no one capable of stopping the American champion. The Californian will play her first match tomorrow.

Boston Red Sox Full of
Pep, but Lack Experience

BY JAMES CRUSINBERRY.
An infield is the chief problem of the manager and coaches. They have nine young men put there scrapping for the four regular jobs and right now the only one who seems sure of his place is Phil Todd, the left handed young man who made good last year as first baseman.

Body Scissors Beats the Italian.
However, in acquiring Fred Haney from the Detroit club, Boss Lee feels quite sure that the third base position is settled regardless of the fact that Haney wasn't considered strong enough for the place on the Tiger team. The recruits who seem to show promise in the camp are Ramon Herrera, the Cuban seafarer from Havana, who is a bit light in weight, but displays a lot of speed and more than average ability with the stick. Chester Fowler, a husky left handed hitter, who performed last year at Minneapolis and hit over 300, and Emmet McMan, another heavy hitter, who hit over 300 from the Portland club.

Four Good Pitchers.
The pitching staff isn't giving the manager much concern, because in the last few weeks of last season he had four men displaying real big league stuff in Howard Ehmke, the veteran, who is one of the best curve ball artists in the league; Charles Ruffin, Fred Wingfield, and Paul Zahner.

Silent Joe McCarthy Sees No Black Plush Drapes for Cubs
BY IRVING VAUGHAN.
After a few exhibition games this early in the season, Joe McCarthy, manager of the Chicago Cubs, is in a way, he's a wise guy, because he isn't yet ready to make any changes. With Sunday's two hit trimming at Los Angeles, he's in a way, he's a wise guy, because he isn't yet ready to make any changes.

STECHER THROWS
CARELESS CALZA
2 FALLS IN 3

Body Scissors Beats the Italian.
Joe Stecher, and his brother, Tony, who is the former's manager, issued a statement before the match last night that Joe is willing to wrestle E. Lewis at any time in an outdoor match in Chicago. Joe said he was willing to take a forfeit equal to Lewis' and agree that the winner of the match take the entire purse.

Calza Has Strong Defense.
Stecher tried every hold and trick he knew to whip the Italian into a position to apply the scissors. Calza managed to break toe holds, short arm scissors, and had a defense for the body scissors, but his overzealousness paved the way for his defeat.

Calza Has Strong Defense.

NEW YORK, March 15.—(Special.)—Jack Delaney's victory over Mike McGigue tonight earned the Bridgeport batter another crack at the world's light heavyweight title held by Paul Berlenbach. The pair will fight for the championship June 10, according to announcement made immediately after the fight by Matchmaker Jess McMahon. McMahon announced he had signed Berlenbach to a contract for this fight and that he had received the consent of Pete Heilly, manager of Delaney, to the bout.

BY HARRY NEWMAN.
(Chicago Tribune Press Service.)
New York, March 15.—(Special.)—Jack Delaney stopped Mike McGigue, veteran light heavyweight, in the fourth round of a scheduled 12 round bout at Madison Square Garden tonight. McGigue, who was the man of the ring in the hands of a terrific puncher, who did not let up from the opening bell until he had Mike punch drunk and helpless and Referee Patsy Haley stopped the uneven affair.

From the outset it was apparent Delaney was intent on making a short job of it. He tore into Mike at the very start and subjected him to a shower of terrific punches. Except for the third round McGigue did not show anything, but in that frame he fought back with two hard rights to the head. Finally McGigue earned an even break in that round but it was his only flash.

McGigue Collapses.
In the fourth Delaney began to hook punches and soon had Mike in full retreat. He had gunk far Jack called Mike with an uppercut on the chin and Mike went down for a count of eight. He tried to hold Delaney off when he reached his feet but Jack was too strong for him and McGigue went down again for nine and then rose on unsteady feet. Finally Delaney rushed the Irishman to the ropes, where he battered him with hard right and left-hand punches to the stomach and Mike's knees gave way and he collapsed on the ropes. His knees were almost touching and he was unable to get up. Referee stepped in and stopped the bout, though there was but a few seconds to go to finish the round. Haley's action was commended by all spectators. To permit McGigue to absorb another punch might have proved fatal. It was patent McGigue would not be able to come up for the fifth round.

Delaney All the Way.
The crowd was agreeably surprised at the bout's outcome. There were many whisperings before the bout started that it had been framed for McGigue to win.

HAMBURGS WIN CENTRAL A. A. U. CAGE GAME, 24-22

Beat J. P. I. Flashes in
Last Minute.

Featured by the 24 to 22 triumph of the Hamburg A. C. five over the Jewish People's Institute Flashes, the Central A. A. U. annual championship basketball tournament opened with ten light-weight games at the Broadway armory last night. Seventy-seven teams are in the meet, which will run daily until March 27.

The Hamburgs had a 14 to 10 advantage at the half, but the losers evened the count at the start of the final period and the score remained in a dead lock until Center Lewancowak sank a basket in the last minute.

Lewancowak played brilliantly, scoring seven baskets and a free throw. It was largely through his efforts that the Hamburgs won.

Division "Y" Wins.

The Division street Y. M. C. A. Bulletin, one of the strongest teams in the city, remained in the running by handing the L. & A. team a 35 to 23 beating. The Yebbo A. C. nipped the Immortal church, 24 to 21, and the Lindsey Motor company gained a 27 to 23 triumph over the Woodlawn A. C. in other close games. Other scores:

Hull House, 26; Absence Boosters, 11; Chicago Reds, 23; Lincoln Park, 11; Fuller Park, 24; Pulaski Park, 18. Arrows, 25; Chicago Heights Maroons, 14.

Three Players Barred.

Roy E. Davis of the Central A. A. U. registration committee said charges of professionalism against players had been heard at the time the pairings for the tournament were made and three athletes barred. All the players competing in the tournament are in good standing with the A. A. U. Mr. Davis stated.

Hamburg A. C. J. P. I. Flashes line up:

HAMBURG A. C.	J. P. I. FLASHES
Bikert	0 0 0
Bassett	0 0 0
Lewancowak	0 0 0
Berlin	0 0 0
Wierlich	0 0 0

The second set of games will be played tonight, starting at 7:30 o'clock.

NATIONAL A. A. U. SCORES

Kansas City, Mo., March 15.—(AP)—St. Phillips Athletic club of Chicago was eliminated by the Scholes Kansas City Independent team, 31 to 27, here today in the National A. A. U. basketball tournament. Reynolds of the Kansas City team shot seven goals and two free throws for a total of 16 points. Other scores:

Baker university, Baldwin, Kas., 42; Land's Petroleum, Warrensburg, Mo., 32; Werner-Werner Muny, St. Louis, 42; Capitol Building and Loan association, Topeka, Kas., 34. Kansas City junior college, 22; Bolton-Raymore A. C., Belton, Mo., 12. Southwestern college, Winfield, Kas., 33; Southern Surety, Des Moines, Ia., 27. Fairmount college, Wichita, 28; New England National bank, Kansas City, 17. Yankton college, Yankton, S. D., 36; Yeager, Denver, Colo., 23. St. Joseph Hilliards, 51; Clark the Hatters, Kansas City, 14. Kansas State Teachers, 55; Red Crown, Wood River, Ill., 32. North Dakota Aggies, 17; Newton, Kas., A. C., 13.

SHERIDAN BOXERS TRAINING FOR 6TH AREA CORPS MEET

Considerable interest is shown in the boxing events scheduled in the Sixth corps area athletic meet at Fort Sheridan, March 22 to 27. Sheridan will be represented. Two of last year's champions, Taylor and Krueger, light and heavyweight titleholders, are displaying good form in their daily workouts, and the Fort's challengers in the other weights also look good. The bouts will be four rounds each, except the finals.

BASEBALL DRILL STARTS AT N. U. WITH 25 PLAYERS

Twenty-five athletes answered Coach Harry Kent's baseball practice call at Northwestern university yesterday. The major portion of the afternoon's work was taken up by fielding and batting drill. The coach for more than an hour hit grounders and flies, while the battery men worked out.

RIECHERS WINS HANDBALL TITLE

Fred H. Riechers, one of the leading single scullers in the middle west, has successfully defended his title as the senior singles handball champion of the Lincoln Park Boat club. During the competition which started early in the fall and closed Sunday, Riechers lost but two games. Elmer Englehardt won the junior title and Bill Veenemeyer took the Novice championship. The doubles tournament will be completed early next month.

Junior Golfers Battle Vets in Putting Meet

BY MORROW KRUM.

The enthusiasm of young golfers, especially the members of the Illinois Juniors' Golf association, may be cooled somewhat during the national country club and golf show at the American Exposition palace April 6 to 10.

There are some adult gentlemen in Chicago who believe the acme of endeavor on the links can only be achieved after considerable attention to the game and years of practice. These adult golfers are Willie Hunter, Onwentsia pro; James Moehan, River side pro; Tom Walsh, Dixmoor manager and pro; Jack Yorgan, Maywood pro; Joe Kirkwood, the trick shot champion, and Laurie Ayton, the Evanston pro.

It was brought to the pros' attention that the youngsters of the I. J. G. A. think quite well of their ability with the putter. So a match has been arranged between six youngsters and the professionals mentioned above.

The putting contest, which will consist of six best ball twosomes, will be staged on the night of April 9 at the Derby Hat indoor course in the exposition palace.

Catholic Cagers, with Rooters and Tooters, Chicago Bound Putting Meet

Loyola university, which will hold its third annual national interscholastic Catholic basketball tournament beginning Thursday morning and ending Sunday evening, is making ready to welcome the out of town arrivals for the big parochial meet. Out of town quintets will start to arrive tomorrow and by midnight every team should be quartered at the Edgewater Beach hotel.

Teams from the more distant points already have entrained. St. Mary's High of Van Buren, Me., champion of its section, has the longest distance to travel, and when the boys hop off the train they will claim the trophy awarded the team coming the greatest distance. The Maine boys will cover approximately 1,400 miles.

Baltimore Team on Way.

Calvert Hall of Baltimore, Md., also is on its way, while other school fives are prepared to board Chicago bound rattlers today so as to get here for their first round conflicts.

Loyola academy, Chicago Catholic league champion; St. Ignace, runner-up, and St. Mel, national champion last year, are anxiously awaiting the opening of the tournament. Each of the local teams indulged in strenuous practice sessions yesterday, and their coaches pronounced them fit for the battle for the George Cardinal Mundelein cup, the championship emblem.

Almost every one of the visiting teams will be accompanied by rooters. Calvert Hall leads with 160 boosters, who hope to cheer their team to the national title. In addition three bands are on the way.

Loyola Plans Big Welcome.

Loyola university authorities have made elaborate preparations to receive the visitors. Members of the "blue sky" fraternity of Loyola will be at the stations to welcome the players and their followers and escort them to the hotel. Various amusements and entertainments are planned for the visiting players and more than 30 automobiles will be at their disposal.

Color will be added to the tournament with the arrival of the St. Francis Indian mission five, which is being brought to the tournament by the Chicago Knights of Columbus Basketball league.

Walleyed Pike Bite for This Winter Angler

BY BOB BECKER.

Chicago fishermen who found the walleyed pike in certain Wisconsin lakes bashful and shy last summer, will be glad to hear that the big fellows apparently have lost their timidity. This good news comes from W. E. Stimpson, who has been wintering at Fence Lake, in the Lac du Flambeau Indian reservation. He says that his pike fishing this winter has been rather complicated, as on some days the wind blew so hard that he had to use a boat anchor on the ice to keep from being blown to shore. But eight and ten pound walleyes swallowed his hook and he stuck to the job.

Very likely these big walleyes have guilty consciences because of the way they treated a lot of us last summer. Fence Lake is noted for its overiced pike perch, but last summer they wouldn't bite. Now Stimpson reports that they are peeping up. He caught a bunch of 'em for the table weighing six to eight pounds, while one ancient patriarch of the tribe tipped the scales at 10 pounds 8 ounces.

This is good news, and all we ask, W. E., is that you keep 'em good natured until this summer when several of us will endeavor to do business with the big boys.

FACTORY BALL LEAGUE MEETS.
The Manufacturers' Baseball league will hold a meeting at 211 South State street tonight at 8 o'clock.

Seppala, Serum Musher, Wins Borden Race Cup

Nome, Alaska, March 15.—(AP)—Leonard Seppala, who gained fame as a serum carrier during the diphtheria epidemic here, yesterday won for the third time the Borden Marathon dog race over a course of 26 miles. He gained thereby permanent possession of the Borden cup.

Seppala's time, the best in six years, was 1:55:06 1/4. Ed Rohr, time 2:00:06 1/4, was second, and A. N. Hartford, time 2:15:09 1/4, was third. The Borden cup is given by John Borden of Chicago.

N. U. GIRLS ISSUE RIFLE MEET DEFY

Challenges have been sent out by the National Intercollegiate Rifle society at Northwestern university for a national shoot, to be held the week ending April 30.

Northwestern has sixty members on its women's rifle team, and in a series of meets with the University of Nevada, Purdue, Illinois, and Kansas, won fifty per cent of its matches.

SCHAEFER HURLS CUE CHALLENGE

New York, March 15.—(Special.)—A challenge to the world at any style of balk line billiards, with a world's championship match at 13.1 balk line with Willie Hoppe preferred, was the deft hurled by young Jake Schaefer here today.

Dividend Is Increased by Howe Sound Company

Two increases in regular rates and three extra payments featured yesterday's dividend news. Directors of the Howe Sound company declared a quarterly dividend of 75 cents, thereby increasing the annual rate from \$2 to \$3. The preferred stock of the Missouri-Kansas-Texas railroad was placed on a 6 per cent basis with the declaration of a \$1.50 quarterly payment. Previously the stock paid 55 annually. Parke, Davis & Co. declared a 50 cent extra dividend in addition to the regular quarterly 50 cent payment. Mountain and Gulf Oil directors declared an extra of 1 per cent and 2 per cent regular quarterly. Upon company directors declared an extra dividend of 10 cents a share on the A and B stocks and also the 40 cent quarterly dividend on these stocks.

FLORIDA RAILS DIP; UNSETTLE TRADE IN STOCKS

YESTERDAY'S AVERAGES

High	Low	Last	Chg.
25 railroads	89.00	87.75	28.48-28
25 industrials	122.00	122.33	162.84-25
50 stocks	127.52	125.54	127.02-04

New York, March 15.—(AP)—Stock prices bounded upward in the last few minutes of trading today after an early period of irregularity, which was featured by the weakness of the southern railroad shares. Trading, which was rather dull early in the session, quickened on the rebound, total sales aggregating 1,615,000 shares.

Oil and motor shares led the recovery. General Petroleum was in the vanguard of the petroleum group, climbing more than four points to a new high record at 86 on reports that it would be absorbed by the Standard Oil Company of New York through an exchange of stock on a two for one basis. Substantial gains also were reported by California Petroleum, General Asphalt, and Pan-American.

Stock Trucks Bailed.

Stock Trucks, selling ex dividend, rallied from 120 1/4 to 124 1/4 for a net gain of three points on the day. General Motors, Hudson, Fisher Body, and Stewart-Warner closed one to nearly three points higher.

Weakness of several of the southern rail shares was attributed to the widespread circulation that the Florida land boom had reached its peak and that some of the real estate developments had met with a reversal of fortune. Atlantic Coast Line broke 1 1/2 points to 208, but snapped back to 215; Seaboard Air Line common fell 3 1/2 to 124, and then rallied to 126, and the preferred dropped 3 1/2 to 37 1/2, closing at the bottom. The minimum prices of all three were new low records for the year. Southern Railway sold off over two points to 111 1/2, but closed a point above the low.

Other Rails Mixed.

Other rails were mixed. Delaware and Hudson was run up 3 1/2 points to 171, closing near the top, and Canadian Pacific, Louisville and Nashville, Pere Marquette, and Texas and Pacific showed net gains of about 1 to 3 points. On the other hand, the St. Paul system, Chicago and Northwestern, Chicago and Alton preferred, Pittsburgh and West Virginia, St. Louis Southwestern, and Wheeling

LITTLE CHANGE IN COTTON

CHICAGO MARKET

High	Low	Close	Year
March	18.47	18.38	18.42
May	18.02	17.85	17.98
July	17.73	17.60	17.70
Oct.	17.00	16.92	17.00

Cotton in Liverpool declined and closed 2 1/2 points lower, which induced selling in American markets. Prices had a small range, however, and, although the finish was as around the best, they were irregular. 3 points higher to 7 points lower in Chicago, and 3 points higher to 3 points lower in other markets. Spots were steady in New York at 19.35c, and 15 points lower in New Orleans at 15.35c.

NEW ORLEANS MARKET.

WHAT YOUR WIFE KNEW LONG AGO

Ask your wife if she would go back to the old-fashioned way of cooking.

Then apply what she says to the old-fashioned way you are heating your home.

For cooking, no other fuel equals gas. And to an even greater extent, no other fuel equals gas for house heating!

Once you have enjoyed the advantage of gas heating, you will wonder why you waited so long to find out what your wife knew long ago.

If you seek the ideal fuel, there is no substitute for gas. Our special house heating rate makes gas available to every Chicago home.

For particulars, mail the coupon, or phone Wabash 6000—House Heating Department

A Special Gas Rate for House Heating

You can do it better with gas

The Peoples Gas Light & Coke Company For Chicago Gas Users Only
122 So. Michigan Ave., Chicago, Ill.
Please send booklet and full information on house heating with gas, also special gas rate for house heating.

FEMINISM THIS AGE LEECH DE

BY HARPER

Some writers insist that the age of steel, others that of oil, while the utility preaches that it is the city. But all these are too masculine. They are the 19th amendment, the other social changes, which have made the first quarter of the 20th century a new era. It is the age of the woman. The most of our modern life—excepting the automobiles or electricity—has been far wrong in centering itself on the male. It is the age of the woman. The most of our modern life—excepting the automobiles or electricity—has been far wrong in centering itself on the male.

That American woman 1900 with about 125,000 pairs of eyes, but 24 years later 600,000 pairs of pure silk stockings, is a historical magnitude. Compared to the age of increase, the woman power, kilowatts, oil, tons of steel ingots, miles are puny percentages. And the social and cultural change in that revolution even more stupendous. We are just beginning to realize the importance of the woman. The age of the woman. The most of our modern life—excepting the automobiles or electricity—has been far wrong in centering itself on the male.

In former ages leisure for social minorities was a luxury. Today they are for the by 13 mechanical, chemical slaves alike. The age of the woman. The most of our modern life—excepting the automobiles or electricity—has been far wrong in centering itself on the male.

Chicago Business

to Tour

A party of business men, including President John A. Burns, Board of Trade, will depart today in a special car for Panama Limited, for a tour of the canal. The trip is being made in connection with the celebration of the opening of the canal. The delegation will go to the canal to celebrate the opening of the canal to celebration for the opening of the canal. The delegation will go to the canal to celebrate the opening of the canal.

ROBIN AND TURKEY

SAVANNAH, Ga., March 15.—(AP)—The first of the season's turkeys, 1,000,000, were shipped today. The turkeys are being shipped to the cities. The turkeys are being shipped to the cities.

WHERE TO BUY

MALLORY Soft Hats and Derbies in guardedly exclusive shapes and shades are on sale today at the better Hat Shops and Hat Departments throughout the city and nearby. If you don't find Mallory Hats, phone Dearborn 4338, and you will be referred to a store near you.

WHAT are the new colors in Spring Hats? The spruce shapes? The correct bands, whether solid or characterfully striped? Are men's hats as large or smaller than a season ago? Are brims rolled or flat-set? Are edges bound or plain? All these questions are answered in two words—Mallory Hats. They are the melting-pot of world fashions.

STYLE cannot be expressed in inferior felt. So, too, skilled tailoring is lavished in vain upon the sleazy cloth of a shoddy suit. The price you pay for a fine Mallory Hat, translated into terms of wear, and style, and personality, and pleasure is the lowest price, calculating, properly, the something you get, instead of, improperly, the sum you pay.

FIND THE LABEL

MALLORY Soft Hats and Derbies always bear the Mallory Label stamped in the crown and upon the sweat-leather. Be sure that you are getting what you are paying for. It is important, for our sake and ours, that you find the Mallory Label in the Soft Hat or Derby you buy.

PART
WOMEN'S
WAN

The

Celia Gibbs is left an orphan and charity of Hilary takes him of his charge taking her into her home deserted as to what to do she refuses his offer and Hilary lives in his house with home some gossip about be that her father had left her herself a job. She applies on in a fancy diving stunt, the country.

Just here Hillary
left his traveling coat.
Brushing Celia went
He held out a warning
"My dear child, don't
call out those beastly
things."
Then as she stopped
"How nice of you to
see you again, I hope
I've misread you
Jenkins never entered
"That's all, thank y-
tray." "No—wait a moment
I think I'll send word to
dressing gown for dinner
Celia smiled even m-
"I never noticed wa-
Jenkins went off to
viciously.
"Damn!" he exclaim-
hunched against while he
"I'm laughing," he
came I don't know who
remark. You see, I not-
"I'm not laughing, I
"and I haven't any."
She looked so apolo-
sist:
"If it weren't that
most awfully to hug you
"I'm not afraid of

"Damn!" he exclaimed.

He shook his head.

"He may be less civil to me for disagreeing with the cold all to myself. But putting both feet on the ground—"

"Haden? you better be sure to stand on both feet about her strange circumstances, but to already shuddering with cold suggested that he would only be so much easier to find."

But Hillary refused was the worst patient in the world. He didn't finish it, noble imp, and my absence. You know of hidden impishness."

"You know I'm a nurse."

"This was so rare a 'Hui-oi!' he exclaimed you have been in."

Celine not to begin it was—the dratted mo had so unexpectedly of."

"Not exactly mine!"

"What has happened?"

"What has happened?"

"Share and share alike, about?"

"Not exactly true."

"Already given your word."

"Will you tell me Hillary, gently."

"No; I will tell you."

"She had told him to look first on them, about him all of it, only thought she's inherited father's share as all."

"I am dreadfully the power of any one of women. It's all my forgetting his feelings."

"I can't explain to your father to you."

"Without speaking of him."

"No," said Celine.

"You father was my mother's dear, most trust my judgment in."

"You know I do."

"Then I tell you have a property."

"Or a pleasure!"

"I failed last week to send for you."

"You told it was something."

"Almost double the price."

He stopped.

"Do you have a management, he says?"

"Before she could go to him she knew of it."

"If you wish to see your son, you can become an heirress."

"I could never do."

"Thank you, my understanding of five thousand comes."

"No; but I can't."

"Please don't trust me."

"I really quarrel with your plan."

"I have more to say."

The audience at Miss Mare's talk, "The Fourth is Music," at Mrs. Waller B. Thursday afternoon, might be termed "highbrow," if it is so smart and fashionable. As to the affair had been added to those who were interested serious-minded and projects, such as Miss de Maheir intelligent and charming of the modern music.

Following the talk, which treated with the piano, there were in groups over ten, viewed the collection of art paintings of George Plasse. Then was given in Belgium an interesting fact and another. Miss de Maheir and a delightful of manner, a velvet, painted with red floor Rockefeller McCormick was black velvet and Mrs. Hooper was in a black velvet. Miss and Mrs. Augustus were all also dressed smart. Others present included Mr. Spaulding, Missa Marie R. Johnson, Patterson, and W. Morrison.

RES Joseph M. Patterson
W. Morrisson.

The tsetse, that tropical fly so deadly to man and the life of his family so hated by that ancient occupation, puzzling, never conquered, and now carrying as much discomfort as it has a revered and sacred place in the flesh. When Graham and his bride, the Mrs. Ruby Leffingwell, were away from London, Mr. Graham was fortunate enough to fall victim to troublesome tsetse. And so Graham remained at 25 Be as he newly recuperated and for the new minister, Graham retaining, no visiting, only by him, if such be the tsetse bite.

The two latest additions to the Peabody kennels are "Ballymooney Starus" and "mooney Judy," are to be at 15th annual dog show at Regiment armory, on March 1. These two dogs were in New York recently to debut in the New York at Starus placed second in the third in the Peabody money across the water prove for Judy, and she was unpaired in the show. Mrs. Peabody to enter also a blooded pointer, "Villager," and the Arthur F. Tuttle, a old E. Foreman are other to enter their smart how-

Florence Noyes, Mary G. Dorothea Felt had a great deal of business, and the spring opening of one of north side's smartest coutours Noyes of the burnished red charming in afternoon dresses and the new shades of Miss Felt appeared best in little embroidered pinafore frocks. Miss Gardner wore a very severe and simple of crepe with trimming of tulle of rose.

The Italy-America society is in for a treat of Dr. Howard's visit here, because nativity. The women's remittance of the society is luncheon at the Casino of the "Cassabelli" for the night Giustiniani-Battini of Rome.

Miss Anna Morgan is in expectation from 12 to 1 o'clock for Miss Ann Davis, a friend of Miss Morgan's.

Mrs. John H. Winter's Miss Rue Winterbotham Huron street, who had plans to leave New York to remain in the east so the terebenth can attend prom.

Mrs. George A. McKinnock is active both in the Y. W. C. A. and in the Alpha at Palm Beach, where she and McKinnock are spending was a member of Mrs. Stoenbury's reception of the Bright South Friday evening. Miss Olga Menn is to give an Alpha association drive Read on Saturday evening K. Spicer of Kenilworth a program for a short talk. J. C. Elston of Hialeah will present a white dress. Mrs. Elston gave for several Chicago visitors. James Ward Thorne is engaged spending a few days at Beach.

Miss de Mare's Talk on Music Attracts a Smart Audience

The audience at Miss Jeanne de Mare's talk, "The Fourth Dimension in Music," at the Wajler Borden's yesterday afternoon, might have been termed "highbrow" if it hadn't been so smart and fashionable. Invitations to the affair had been addressed only to those who were interested in rather unorthodox and progressive subjects, such as Miss de Mare offers in her intelligent and charming explanation of the modern music.

Following the talk, which was illustrated with the piano, the guests gathered in groups over tea, cups, and viewed the collection of drawings and paintings of George Plasse. Mrs. Borden was wearing a beige crepe with an interesting fur hat and matching coat, and Miss de Mare, who is petite and delicate of manner, was in black dress, painted with red flowers. Mrs. Rockefeller McCormick was wearing a black velvet and Mrs. Howard Linn, Mrs. Andrew R. Sherriff, Miss Mabel Lane and Mrs. Augustus S. Peabody were all also dressed smartly in black. Others present included Mrs. Howard Spaulding, Miss Marie Rozet, Mrs. Joseph M. Patterson, and Mrs. James W. Morrison.

The talk, that tropical member of the family so hated by addicts of the family, occupied, crossword puzzle, never caused any of the family as much discomfort as paper in the flesh. When Ernest R. Graham and his bride, the former Mrs. Lefebvre, were abroad on their honeymoon, Mr. Graham was unfortunate enough to fall victim to the tropical disease. And now, with the Graham residence at 25 Banks street at newly redecorated and furnished for its new mistress, there is no entertaining, no visiting, only bandages and treatment, if such be the treatment for tropical disease.

The two latest additions to the Stuyvesant Peabody kennels at Hinsdale, "Belle-moonie Starus" and "Belle-moonie Judy," are to be shown in the 19th annual dog show at the First Regiment armory, on March 25, 26 and 27. These two Irish terriers arrived in New York recently to make their debut in the New York show, where Starus placed second in the limited class and third in the open. The journey across the water proved too much for Judy, and she was unable to appear in the show. Mrs. Peabody plans to enter also a blooded, white, smooth-haired, one-eyed, and named "The Arthur F. Tuttle," and Mrs. Harold E. Foreman are others who plan to enter their smart bow-wow.

Florence Noyes, Mary Gardner, and Dorothea Felt had a great time yesterday afternoon, modelling gowns at the spring opening of one of the smartest and most exclusive couturiers, Miss Noyes of the furnished red hair, was charming in afternoon dresses of old blue and the new shades of green, and Miss Felt appeared best in the dainty little embroidered pineapple cloth frocks. Miss Gardner wore several strikingly severe gowns, one of black silk with trimming of three shades of blue.

The Italy-America society is to come in for a share of Lady Isabella Howard's visit here, because of her activity. The women's reception committee of the society is to give a luncheon at the Casino on Thursday. Lady Isabella is the daughter of Prince Giustiniani-Balini of Rome.

Miss Anna Morgan is to give a reception from 12 to 1 o'clock tomorrow for Miss Ann Davis, a former pupil of Miss Morgan's.

Mrs. John H. Winterbottom and Miss H. Winterbottom of 40 East Huron street, who had planned to return from New York this week, will remain in the east so that Miss Winterbottom can attend the Harvard game.

Mrs. George A. McKillop, who lives in active part in the social life at Palm Beach, where she and Mrs. McKillop are spending the winter, was a member of Mrs. Edward T. Stinebaugh's reception committee for the bridge and golf ball at the Hotel Alva last Friday evening.

Miss Olga Menn is to sing at the Allied Arts association dinner for Opie Reed on Saturday evening. Mrs. V. E. Sargent of Kenilworth is on the program for a short talk.

Mrs. I. C. Elston of Highland Park will pass a while longer at Miami Beach. Mrs. Elston gave a bridge tea for the several Chicago visitors last week.

James Ward Thorne is another Chicagoan spending a few days at Miami Beach.

Meeting of School Clubs.
The central council of the Evanston school clubs, in cooperation with the home and education department of the Evanston Woman's club, will sponsor a meeting this evening at the Evanston club, when Prof. Joseph J. Sargent of the University of Wisconsin will speak on "Nerves and Behavior."

How to Order Clotilde Patterns.

Write your name and address plainly on dotted lines, giving number and size of such patterns as you want. Inclose 10 cents in stamps or coin (coin preferred, wrap it carefully) for each number, and address your order to Clotilde, CHICAGO DAILY TRIBUNE.

Note—Clotilde patterns are made in New York exclusively for THE CHICAGO DAILY TRIBUNE.

Illinois Out o' Doors

Is Shown at Exhibition

An "all out o' doors" nature exhibit, to continue for five days under the auspices of the Chicago Woman's club, the Illinois Federation of Women's Clubs, and the Illinois Wild Flower Preservation society, was opened yesterday at the Davis store. Almost the entire fifth floor of the store is taken up by exhibits by the various natural history organizations of Chicago and a collection of handwork made by school children. Mrs. Josephine Greene is in charge.

EMBARRASSING MOMENTS

That's Why.

A kind woman on the train handed me a magazine to read. She called my attention to a particular article. I thanked her and proceeded to read it.

When I had finished she asked me what I thought of the article. "I don't care much for it," I replied. "Why do you say that?"

"I wrote it," she answered dryly.

F. L. T.

Discovered.

I went into the kitchen to speak to my mother yesterday morning, wearing only my nightgown and bed slippers.

Some one knocked on the door, so I quickly stepped into a little closet where the gas and electric meters, etc., are located.

My most embarrassing minute began when my mother said, "What is it?" to the man at the door and he answered, "Come to read the meter," and it ended when he opened the door to my closet and I walked out with head up and flared skirts! H. A. T.

Sisterhood's Round Table.

The round table conference of the Chicago Sisterhoods will be held at 10 o'clock this morning at the K. A. M. Temple community house.

TRIBUNE COOK BOOK

BY JANE EDDINGTON.

What to Eat.

It is rare that a number of inquiries can be answered by one statement, and this is the case with "What to Eat in Health and Disease," by Benjamin Harrow, Ph. D. (it is published by E. P. Dutton & Co., 681 Fifth avenue, New York), in to do just that thing. Professor Harrow is associated in physiological chemistry, College of Physicians, Columbia university, therefore, his work should be as reliable as anything that can be found on the subject, and it is written in a simple and popular way that holds the understanding, and does not tax greatly the understanding.

Because the book is so written, it can be recommended to those who want to begin somewhere to understand a little about the physiology of the eating process, and how to eat so as not to violate all its laws.

It can also be recommended to those who want to read along many special lines, since at the end of the chapters, on a great variety of subjects, there are lists of reference books.

It can be recommended to those who would like to help to standardize the knowledge of this business of eating for the sake of defeating the fanatics and the quacks, and some others, who are more active in promoting misinformation about foods and their effects than is good for the common weal.

It can be recommended to those who would like to have others think of their thinking for them, as Dr. Harrow does when he says that fresh butter, even if you choose to add salt to it, is better than salted butter, because it is sure to be fresher, and there are other things besides eggs that are superior when fresh.

In particular, this book might help a man to a reforming realization of some of the ways he "accelerates the ruin of his entire digestive system," and we might say that all men and women do it, because they do. The last chapter on "The Digestive Tube" should be learned by heart. If I had my way every human being would be required by law to have an intelligent knowledge of that tube or "red lane."

And now that reliable knowledge is available, though there is an infinite hedge-podge on the subject, why not obtain what is the most fundamental of all knowledge?

FARM AND GARDEN

BY FRANK RIDGWAY

March is the time to start working on the lawn if you expect to have a thick carpet of grass this summer. Grass must be fed the same as a pig or a calf if it is to grow.

Horticulturists at the Purdue station give a few tips to home owners who have new lawns to make or old ones to keep green. See that cellar dirt dragged onto the lawn in excavating is at least 5 inches under the surface in preparing the seed bed. Experts find this important factor too often overlooked. Poor soil will not grow grass successfully.

When the grass first shows green scatter about 75 pounds of commercial fertilizer to each 1,000 square feet. A fertilizer testing about 4 per cent nitrogen, 12 per cent phosphoric acid, and 2 per cent potash is recommended.

Lawns too dressed with stable manure are usually soon covered with weeds. The Purdue horticulturists say that scattering dried sheep manure over the lawn at the rate of 15 to 20 pounds to the 1,000 square feet is an excellent practice, but should be done in addition to the commercial fertilizer application, rather than in place of it.

Any time within the next few weeks is a good time to sow grass seed—one-fourth of a pound to each 1,000 square feet. Lawnmakers are advised to do their reseeded before freezing and thawing weather is over.

Women's Allure

no longer imperiled under hygienic handicaps—new way offers true protection; discards like tissue

FRESH, charming, immaculate under ALL conditions. Sheer gowns worn without a second's fear, any time, any day!

If you seek this added charm, stop employing old-time "sanitary pads," insecure, uncertain.

Eight in 10 better-class women now employ "KOTEX" . . . a new way, 5 times as absorbent as ordinary cotton pads.

Absorbs and deodorizes at the same time, thus ending ALL danger of offending.

✓ You discard it as easily as a piece of tissue. No laundry. No embarrassment.

You ask for it without hesitancy, at any drug or department store, simply by saying "KOTEX."

In fairness to yourself, try this amazing way. Costs only a few cents. Comes twelve in a package.

KOTEX
No laundry—discard like tissue

Cheer Up, Bachelors; Wimmen Are Really Learning to Cook!

BY DORIS BLAKE.

If you should look in upon the attendants at the brides' course conducted by the Y. W. C. A. at Lexington and 53d street, New York, you might ask yourself if matrimony isn't getting safer for men.

I must try to coerce an old "bach" I know to look in upon the scene some day. His views on prospective wives are badly in need of repair, and I know no better repair shop right now. No headen biscuit will furnish him an indication of what he picks one of those girls wearing a fetching house frock of her own making, and working on the job daily, learning how to buy and cook for two.

One wonders with the steadily increasing popularity of this brides' course if women aren't rediscovering, after a lot of experimenting elsewhere, the old road to domestic peace and comfort—an economically and capably run kitchen.

It ought to be cheering news for bachelors, anyway, that your modern girl, even though she argues she is learning the ways of home management to show her independence (of servants), is equipping herself for the job. Not since the period of the world war have women shown such a keen interest in the practice of household economics.

"Just as they went to college," you are told by a "Y" authority, "or bustle school in order to be good teachers or stenographers, so they come to the brides' training school to learn to be good housewives."

There are girls of modern means and girls of more modern means; business girls wearing the fruit of their promise on the third finger, left, to be found among these students of the gas range.

They're learning how to market, the formula for correct quantities of food to buy for different sized families, how to make a leftover look like a fresh table offering, and, best of all, how to save money. If he earns \$40 a week, the young girl student is going to know to a penny just how much will be left over for et ceteras. She is taught how to make her window draperies look as though she had an interior decorator in for the job for the price of the material alone.

WHITE BILL TO CONTROL RADIO PASSES HOUSE

Gives Uncle Sam Authority Over Broadcasting.

Washington, D. C., March 15.—(AP)—The first big piece of radio control legislation to receive approval of either branch of congress was passed today by the house and sent to the senate. The vote was 218 to 124.

It was embodied in the White bill, designed to create a federal radio commission of five members to cooperate with Secretary Hoover in keeping order in the air, where broadcasting and other forms of wireless in the past have operated in some instances with great confusion.

The bill provides for the issuance of station licenses by the secretary of commerce. Opposition to it centered about the contention of some members that no machinery was provided that would insure against radio monopoly and that it gave the secretary too much power.

Only one major amendment was added to the committee draft of the bill. This change, proposed by Representative Davis (Dem., Tenn.), struck out a provision to give the commerce department the power to remit fines imposed for violation of radio regulations.

RADIO SLANDER CASE WILL BE HEARD MARCH 24

Prosecution of the first Chicago radio slander case, in which State's Attorney Robert E. Crowe is held the victim of a malicious attack, was set for March 24 yesterday when five defendants were arraigned before Judge Robert Gentzel.

Mr. Crowe became angered when he heard Philip L. Friedlander, announcer for broadcasting station WBBM, allegedly declare that the state's attorney and his political associate, Charles V. Barrett, were frolicking at the Moulin Rouge cabaret, from which dance music is broadcast over WBBM.

Detectives raided the place, seizing three patrons and the proprietor, Benjamin Franklin, and then arrested Friedlander. Through a combination of the state's attorney failed to reveal any charge which might apply against the announcer, so he was charged with disorderly conduct. Franklin was charged with being keeper of a disorderly house and his three patrons with possessing liquor. All pleaded not guilty.

By way of closing his share of the incident, the Stewart-Warner corporation canceled the contract of the North Shore Realty company for the use of its radio station, WBBM.

JAMES GENTLE IDENTIFIED IN \$80,000 HOLDUP

(Picture on back page.) James Gentle, 24 years old, 1103 South Hamilton avenue, was identified yesterday as one of the eight bandits who dashed into the International Harvester company's tractor plant on March 5 and escaped with an \$80,000 pay roll.

Gentle, possessor of a long police record, surrendered to Sgt. James Gortland of Deputy Chief of Detectives Sego's office. He had been sought since witnesses reported the automobile in which the robbers escaped bore a license plate issued to him.

At the Marquette police station, M. T. Kennedy of Harvester company employees, immediately pointed Gentle out as one of the gang. Other employees were not so positive, but ascertained he looked like one of the robbers. Gentle, who was accompanied by his attorney, George Hans, refused to talk.

Friends Separated Fifty Years United by Radio

Moosheart, Ill., March 15.—(AP)—After a separation of fifty years, friends were reunited when A. L. Moore of Fond du Lac, Wis., listening to a radio program, heard an address by Mel G. Duncan, Duncan left Fenimore and has been engaged in newspaper work. The friends had resumed correspondence after the half century of separation and are planning a reunion in Fenimore.

NEW WLBB FEATURE

A new feature will be presented for the first time this evening on WLBB, Liberty Weekly station on the Drake hotel, when "The Almanac" is put on the air. This will consist of a ten minutes' sketch of past and current events pertaining to the day. "The Almanac" is to be a regular WLBB attraction every evening at 7:20 o'clock.

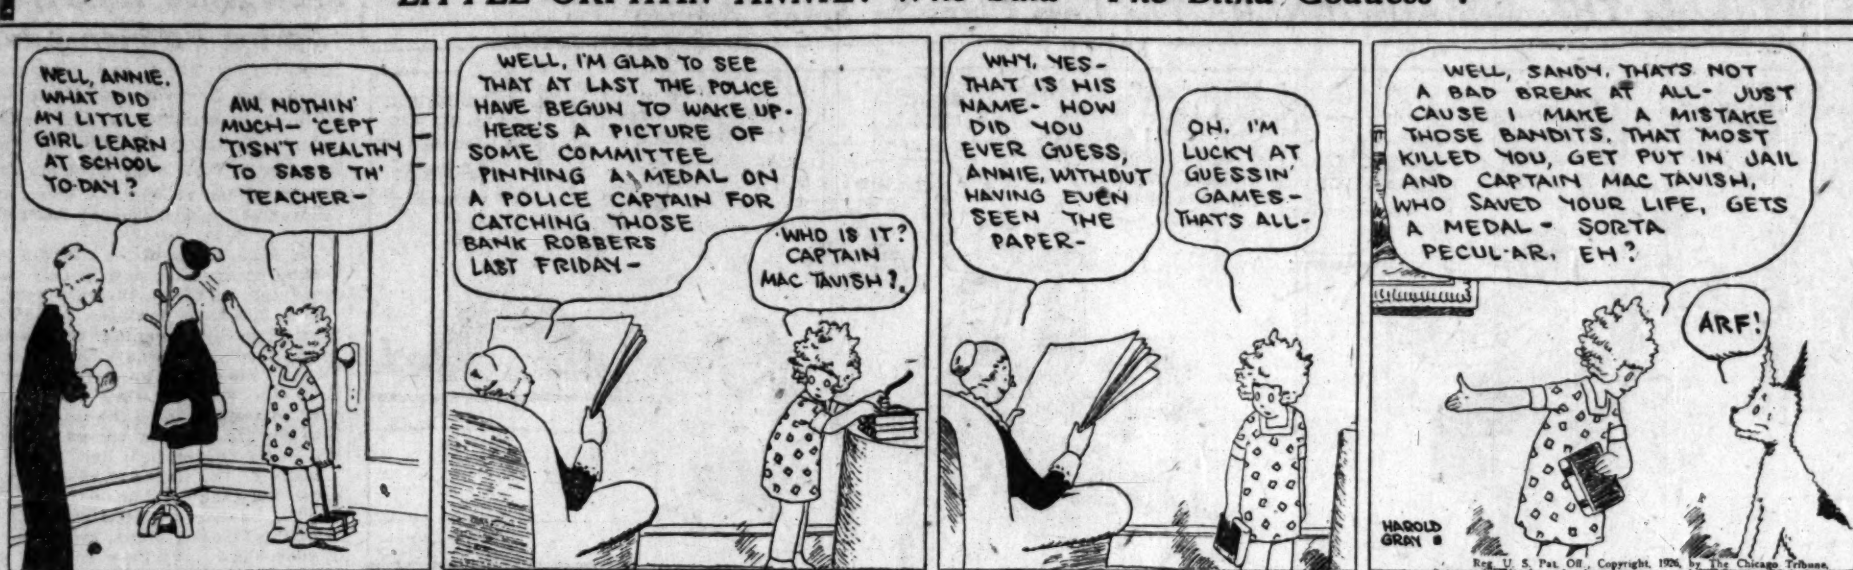

THE DIGNITY OF ROSEHILL MAUSOLEUM

Somehow interment in Rosehill Mausoleum seems a more fitting climax to the greatest tragedy. Its calm dignity, the grandeur of its granite and marble architecture, its assurance of ageless existence, all serve to emphasize the promise of the life eternal that follows the brief span of years allotted us here on earth. The grief that comes with the loss of a loved one is softened by the knowledge that they rest in the shelter of this splendid edifice.

Single crypts in the new addition to Rosehill Mausoleum may be had for as little as \$450; these, as well as the most costly, are doubly assured of perpetual watchful care by a trust fund and the Mausoleum Building Special Reserve Fund. Inquiries, by mail or in person, will receive prompt and courteous attention, with no thought of obligation.

RADIO PROGRAMS FOR TODAY

(Standard time throughout.)

Today's Winners of \$100.00 in Old Time Favorite Radio Contest

TODAY'S first prize of \$50 in the Old Time Favorites contest conducted by W-G-N, the CHICAGO TRIBUNE radio station on the Drake hotel, is awarded to Mrs. Emily C. Covert, 1434 Sherwood terrace, Chicago. The songs played last Tuesday were "Silver Threads Among the Gold," "Mother Machree," and "When You and I Were Young, Maggie." Mrs. Covert's winning sentence, "As into the tapestry of life are woven the golden threads of youth and the silver threads of age, so likewise the haunting sweetness of 'Silver Threads Among the Gold' mingled with the sweeter music of my mother's voice, is interwoven with my dearest memories, which makes this my favorite."

The second prize of \$25 goes to Mrs. W. S. Perrine, 1109 Perrine avenue, Centralia, Ill.

The third prize, \$10, is won by Helen M. Conley, 509 North Union street, Lincoln, Ill.

The fourth prize, \$5, is awarded to Lois L. Carman, 709 West Illinois street, Urbana, Ill.

The fifth prize, \$5, is awarded to Elammarie Hartman, 1454 North Luna avenue, Chicago.

The five winners may receive their prizes by calling or writing to "Old Time Favorites," Tribune Tower, Chicago. Listen tonight at 6:45 or at 10:10 o'clock for the three old time songs which will be played at W-G-N. If you recognize them, send in the correct titles together with a single sentence telling which one you like best and why. Letters must be received at this Tribune not later than four days after the songs were presented. Every day \$100 in awards is offered.

Sore and IRRITATED THROATS

—receive immediate and grateful relief from PERTUSSIN. Instantly soothes the tissues of the air passages, but by loosening the sticky mucus, gives Nature an opportunity to overcome the congestion and restore a normal condition. PERTUSSIN is entirely free from "dope" (narcotics, chloroform and all injurious drugs). It is pleasant to take and will not disturb digestion. Known to physicians for more than 20 years and sold by all druggists in large or small bottles.

PERTUSSIN Safe for Every Cough

After 19 Years

THE last year of the 20-year franchise period finds the Chicago Surface Lines in splendid physical condition and rendering the greatest service in their history.

In nineteen fruitful years \$100,000,000 has been spent in rehabilitation, improvements and extensions and as much more has been returned to the people in public benefits.

The past three years especially have been remarkable for achievement.

During that time 12,000,000 car miles—enough to encircle the globe 480 times—have been added to the service.

Three hundred and forty-two new cars have been purchased. Ninety-five miles of track have been reconstructed and 15 miles of extensions have been built.

And last year the Lines carried 83,000,000 more passengers (not including transfer rides) than in 1922, an increase exceeding by more than 40 per cent the total annual business of any other surface transportation agency in Chicago.

It has been possible to accomplish all this in the face of an expiring franchise only because the management has faith in the future of the industry and fully realizes its responsibility to the riding public.

There is no substitute for street car service

A Favorite Food in California

new sold everywhere—full-flavored, nourishing Ripe Olives

Ripe Olives have long been a popular food with Californians. And thousands of people who have visited the West have brought back word of this delightful food.

With a flavor and appeal which is distinctly unusual, this food finds a regular place on the menus of homes where it is known.

Ripe Olives are delicious. As their name implies, they are fully ripened on the tree. This gives them the real olive flavor, found only in olives so matured.

More nutritious for the ripening, they are easier to digest, too. Indeed one may follow one's appetite entirely in the eating of Ripe Olives.

Serve them this evening. They are correct for the formal dinner or tea and for the simple luncheon or picnic.

Ask your grocer for Ripe Olives. He is already supplying them to many others among his better customers.

CALIFORNIA RIPE OLIVES

CALIFORNIA OLIVE ASSN.—SAN FRANCISCO
A statewide organization of growers and packers, representing ninety per cent of the olive industry, which co-operates with the California State Board of Health in standardizing, improving and supervising the production of Ripe Olives.

DR. AITCHISON OF U. OF C. RITES THUR

(Picture on back page.)
Funeral services for Dr. Aitchison, assistant to President of the University of California, who died yesterday at his home at 555 North La Salle street, will be held at 2 o'clock at the Baptist church at 2 o'clock.

Dr. Aitchison, who was for many years handled the funds of the Baptist church and at one time was member of the board of the Northern Baptist church.

He came to the University of California in 1924 to help in the department of the board of the Northern Baptist church.

He was born in Dubuque, Ia., at Des Moines university of California, Dr. Aitchison, who was a member of the board of the Northern Baptist church.

He was born in Dubuque, Ia., at Des Moines university of California, Dr. Aitchison, who was a member of the board of the Northern Baptist church.

Chicago's Income Tax Receipts for First Quarter of 1926 More Than \$6,000,000 Above 1925 Record

CITY'S INCOME TAX RECEIPTS NEAR \$20,000,000 MARK. Mabel G. Reinecke, collector of internal revenue in Chicago district, looking over checks and cash about to be shipped to the Federal Reserve bank. (Story on page 1.)

BLIND VET TRAPS WIFE AND EMPLOYER. Mrs. Ruth Morep and Paul B. Ransom, wealthy contractor, with whom she was arrested in apartment. (Story on page 3.)

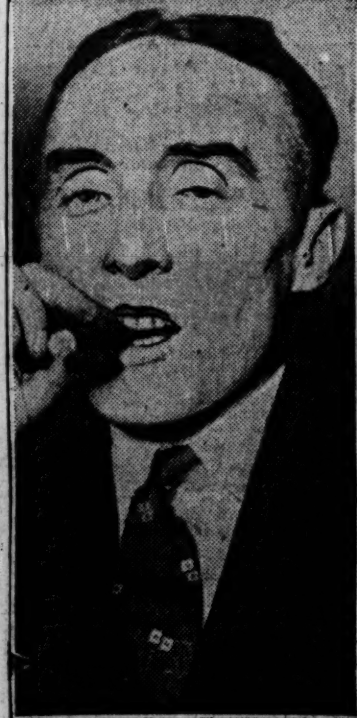

TRAPS WIFE WITH MAN. Ernest Morep, blind veteran, on whose complaint fine was imposed. (Story on page 3.)

SENATE COMMITTEE VOTES TO OUST BROOKHART. Smith W. Brookhart of Iowa (left), and Daniel F. Steck, Democrat, whom senators decided had been really elected. (Story on page 1.)

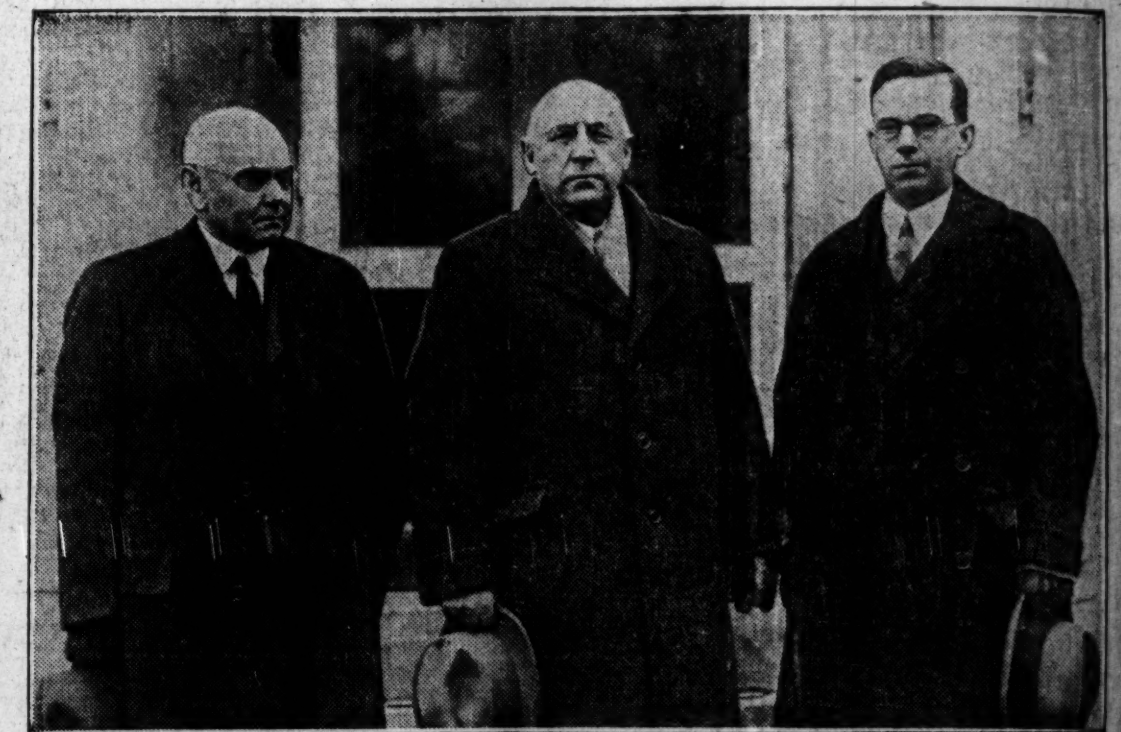

MATTEOTTI MURDER TRIAL OPENS IN ITALY. Previously unpublished picture of Giacomo Matteotti, Socialist deputy (left), his wife (next to him), and two friends. (Story on page 5.)

TO HANG APRIL 6. Gerald Chapman, mail bandit, refused review by Supreme court. (Story on page 16.)

CITY OPENS CLINIC TO CHECK SPREAD OF FLU. Health Commissioner Herman N. Bundesen administering flu vaccine to Elsie Jacobs at Iroquois Memorial hospital. (Story on page 2.)

DRYS CALL ON COOLIDGE TO URGE STRICTER PROHIBITION ENFORCEMENT. Left to right: Dr. A. H. Briggs of San Francisco, Dr. Arthur J. Barton of Kansas City, and William M. Forgrave of Boston, representing Anti-Saloon league, leaving the White House. (Story on page 1.)

TWO ON TRIAL FOR MURDER BY ARSON. Left to right: Louis L. Cohen, attorney for defense; Sam Moore, and Leo Unell, who are accused of setting Blue Island avenue fire that cost ten lives. (Story on page 11.)

DROPS DEAD. The Rev. John Y. Aitchison, assistant to president of U. of C. (Story on page 35.)

POISON PEN VICTIM. Frieda Ulm, 2127 Clifton avenue, who complained to prosecutor. (Story on page 1.)

QUESTIONED ABOUT POISON PEN LETTERS. Edwin Dettman, former suitor of Miss Ulm, and Miss Ida Brookins, Dettman's present sweetheart. (Story on page 1.)

MARINES STATIONED HERE GET NEW COMMANDER. Col. J. Kennard Tracy, who takes charge in city (left), bids good-by to Lieut. Col. Walter Hill, sent to Virgin Islands. (Story on page 1.)

OFFICIALS EXPLAIN WHAT NEW TRAFFIC COURT WILL ACCOMPLISH. Left to right: Chief Justice Harry Olson of the Municipal court, Elmer Stevens, Chief of Police Collins, Corporation Counsel Busch, Judge W. E. Helander, Ald. E. I. Frankhauser, Anton J. Cermak, president of the county board. (Story on page 8.)

SOARS EIGHT MILES ABOVE THE EARTH. Lieut. John A. Macready and his wife at McCook field, Dayton, O., after he is believed to have broken altitude record. (Story on page 1.)

FATHER OF NINE CHILDREN HELD BY U. S. AS BOOTLEGGER. Mr. and Mrs. Nick Skandis and six of their nine children. Skandis is in custody of Deputy U. S. Marshal Pete Lawrence (in rear) after being held to the federal grand jury. (Story on page 3.)

and was expected to appe
congressional committee in
a movie Sunday as oppos
law Sunday for which the
Day Alliance is lobbying.
But Mr. Hays, an elder in
Protestant church, is in a diffi
culty when it comes to plead
Sunday, and he de
clined before the committee
of the Motion Picture Owners
Association of America sent to Wash
ington national president, R. F.
Woodhull, who, next to Hays, is con
sidered the most persuasive, spellbind
ing movie 'whisperer' in the
industry.
On 'Hurry-Up' Tri
Mr. Woodhull, who told
representatives that he, too, is
an American, although "born an
d raised a Methodist," testified
before the committee today that he
was the result of a hurry-up call fr
quarters' office in New York
go to Washington to coun
the persistent drive which
Day Alliance is making fo
less Sunday.
Hardly had Elder Hays'
movie brother entered the
of representatives caucus,
the crowded hearings are
than he heard himself and
tion, which includes \$5
the movie interests of the
described as "the greatest
threats in the country."
Talks of Ignoran
